Tech for Good: Games24x7 celebrates its 17th foundation day with students from Christel House IT Club

June 07, 2023: In celebration of its 17th year Foundation anniversary, Games24x7, India’s most valuable multi-game skill gaming platform, organized a captivating day-long event for the students of Christel House IT club. Among its key CSR pillars is a strong commitment towards education, enrichment, and the well-being of children. As part of its foundation month activities, Games24x7 hosted the group of students at its Bangalore office, the hub of its technology teams.

During the event, the students actively participated in interactive sessions and engaged with Games24x7’s technology teams, taking part in ice-breaking and mentoring sessions to explore the impact of technologies such as Machine Learning, Artificial Intelligence, and Data Science to develop successful businesses. Additionally, the students had engaging sessions with Games24x7’s leadership team, gaining valuable insights into real-world industry and work culture practices.

Bhavin Pandya, Co-Founder and Co-CEO of Games24x7, expressed his delight, stating, “The wellbeing of today’s children will determine India’s wellbeing tomorrow. We are overjoyed to have had the privilege of welcoming the bright and talented students from Christel House’s IT club to our office. These young minds have exhibited remarkable potential and eagerness to learn, and we are committed to supporting their educational journey. As we celebrate our foundation day, we are reminded of the collective responsibility we share in nurturing the talents and potential of young minds who are the future of our country.”

Commenting on the event, Jaison C Mathew stated, “We express our heartfelt appreciation to Games24x7 for providing this wonderful opportunity to our students. Such events not only expose them to a corporate environment but also provide a fantastic platform for them to gain valuable exposure in the field of technology. The interaction with the leadership and technology teams of Games24x7 has been truly exhilarating for the students, greatly enhancing their confidence levels and empowering them to reach their goals with renewed enthusiasm”

To further enrich the students' experience, Games24x7 donated entrepreneurship and technology focused books to the Christel House. These resources will serve as valuable references as the students continue their educational journey and explore their passion for technology.
About Games24x7:
Games24x7 is an online gaming company headquartered in India. Its portfolio includes skill games like Rummy, Fantasy Sports, and Carrom, as well as a platform for casual games called U Games. In 2006, economists Bhavin Pandya and Trivikraman Thampy, both graduates of New York University, established it. The business focuses on utilizing behavioural science, technology, and artificial intelligence to provide an outstanding gameplaying experience across all of its platforms, and it has the backing of notable investors such as Tiger Global, The Raine Group, and Malabar Investment Advisors. RummyCircle, a strong market leader in the category, and My11Circle, India's leading fantasy sports platform, are operated by Games24x7, which has offices in Mumbai, Bengaluru, New Delhi, Philadelphia, and Miami. U Games, a casual games studio, has also been established by the business to release new games to the global market.
