

Learn to Skate USA Class Curriculums

Stage 1: Discover, Learn and Play

Introductory Levels

Snowplow Sam 1 – 4 (3 – 5 year olds)

The Snowplow Sam levels are introductory classes allowing children with no prior skating experience to build confidence while learning the basic skills of skating. These classes are designed to help children under 6 years old develop the ABCs of movement – Agility, Balance, Coordination and Speed. Helmets are required for skaters at these levels.

Basic 1 & 2

These introductory levels allow new skaters with no prior skating experience to build confidence while learning to skate.

Stage 2: FUNDamentals

Basic 3 – 6

These levels continue to develop all of the fundamental skating skills on the ice. Focus is on learning edge work, transitions, and strengthening basic skating. These skills will allow the skater to continue on to advanced levels of skating.

Stage 3: Advanced

Pre-Free Skate

Free Skate 1 – 6

Skating Skills/Spins

Free Skate

Each free skate level is comprised of a variety of progressive skating skills, transitions, spins and jumps – all of which build on the previous skill, providing skaters a strong foundation of all elements. Instructors will focus on quality and mastery of skills.

Do you have questions?

Interested in competing or private lessons? Competitions exist for all levels! If at any time during the program your skater is interested in competing, please contact Kristan Waggoner, Director of Annapolis Skating Academy and Skating Director at Piney Orchard Ice Arena.

Your Child's First Day of Skating

Be on time -

Plan to arrive 20 minutes before class kicks off to check in at the desk and lace up your skates.

Helmets -

All Snowplow Sam skaters are required to wear one, and it is suggested for all other beginning skaters as well. Bike helmets work great. Fasten the buckle and check the chin strap often. Don't allow your skater to wear anything under the helmet, and replace immediately if it shows any visible signs of damage. Never allow them to wear a helmet that does not fit or cannot be adjusted properly. **PINEY ORCHARD DOES NOT PROVIDE HELMETS.**

Bring lots of Layers -

Comfort and moving freely about are essential for new skaters. Choose sweatpants or warm-up pants instead of bulkier snow pants. Socks: thin, not thick. Go with lightweight socks or thinner tights. Keep their hands warm. Since kids are taught to fall on day one, gloves or mittens are imperative to prevent hands from getting scraped up.

Fitting Skates -

Try on skates until the most comfortable pair is found. The rule of thumb: the closer the fit, the more control. Boots should be snug, giving toes just enough wiggle room without pinching. Feet should be immobile with the heel far back in the boot. Solid support is also necessary as staying upright takes a considerable amount of strength.

Learn to Skate Dates

Series 3: Oct. 31st to Dec. 19th

- 7 weeks -

No Class on Nov. 28th

Cost: \$175 per series

Holiday Ice Show – Sunday, Dec 20
