

GREENS DISTRIBUTION

GREENS ELECTRIC

YOUR RELIABLE PARTNER IN THE HOSPITALITY INDUSTRY

ABOUT US

Greens Electric is a complete one stop service provider for new builds and major remodels. From main switchboards to distribution panelboards to lighting fixtures, wiring devices and all things electrical, including HVAC and appliances, we supply it all under one roof. We have 30 years of expertise in value engineering electrical equipment. Greens reviews your electrical plans, value engineers it, assists with design, consults with your MEP engineer and utility company to custom build a cost-effective solution. We also provide material take-offs for all electrical rough in, light fixtures, HVAC, bathroom accessories, LED mirrors, shower doors and other product. This assists you with the budgeting process for your electrical requirements.

Greens Electric is the only equipment distributor who also owns and builds our own hotels within the Greens Group of companies. We understand the Hospitality Industry from an owner, MEP consultant, and builder's perspective. We own 20+ hotels that include brands such as Marriott, Hilton, IHG, and others. Greens supplies to our own new build hotels. We know how to value engineer without compromising quality, source the product at competitive pricing while meeting excellent quality standards and adhering to city and state codes, and brand requirements.

Greens Distribution concentrates on the Hospitality and Multi-family markets. We own our own factory in Ahmedabad, India, which manufactures shower doors, LED mirrors and bathroom accessories, with in-house design and quality control teams. This ensures every product adheres to our high standards. We pride ourselves on a quality product at a very competitive price point. In the past few years, we have supplied to our own 12 hotel projects in addition to major hospitality projects in India and Dubai.

We understand Hotels. We provide you with a complete package. If you have a new build or major remodel, we will be your best, cost effective, comprehensive competitive vendor with excellent service.
