Interest rates are paid on the entire balance of the account, except for Everyday 50PLUS, Reward Saver and Reward Saver Kick Start accounts. For these accounts, a different rate applies to the portion of the balance in each tier. E.g. The interest paid on that part of the balance between \$10,000 and \$49,999.99 is different to the interest paid on the first \$9,999.99 of the balance. Interest rates are subject to change without notice. *Interest on all deposits is calculated on the daily balance at a daily rate equivalent to the annual rate divided by 365. [^] Also available for Term Deposits opened online. At maturity, interest rates, investment terms, minimum deposit amounts and interest payment frequencies available in branch or over the phone are available for reinvestment of Term Deposits opened online. If you do not give us instructions at maturity, the **standard interest rates** available in branch / over the phone apply to reinvestment of Term Deposits opened online, not these **special interest rates**.

Term Deposits opened online

Opening a Term Deposit online will also open an Everyday Online Term Link Account¹, if you don't already have one. This is a type of Everyday Account which is used for depositing funds which we'll then transfer to the Term Deposit, and it may be used for the transfer of any withdrawals you instruct us to make from the Term Deposit². And like any Everyday Account, it may also be used for your everyday banking.

Not all product options are available online:

- Other interest rates, investment terms, minimum deposit amounts, interest payment frequencies, and interest payment options are available in-branch / over the phone.
- For deposits of \$100,000 and above an interest rate for a NITA available in-branch / over the phone may be negotiated and this rate may be higher than the rate available for a Term Deposit opened online (Term Deposits up to \$2,000,000 may be opened online).

Prepayment

Prepayment of your investment amount (i.e. withdrawal in part or in full prior to maturity) will be allowed by Us. **However, any amounts withdrawn before maturity will incur the following interest rate reduction:**

- **if the interest rate on your Account is higher than 3% p.a., the interest rate reduction is 3% p.a. for 12 months or the full term of the investment if that is 12 months or less;**
- **if the interest rate on your Account is 3% p.a. or less, the interest rate is reduced to 0.10% p.a. for 12 months or the full term of the investment if that is 12 months or less.**

Reinvestment

If you do not give us any instructions at maturity, your investment will be reinvested for the same term (or the closest available term) at the applicable **standard interest rate** for that term at the time, **not a special interest rate** (which may be higher). The applicable standard interest rate may be higher or lower than your current rate.

1. For the period that an amount is held in a Term Deposit opened online (including as a Reinvested Online Term Deposit), transaction fees and the monthly fee for a Visa Debit card (if requested) are not payable in relation to the Everyday Online Term Link Account. Otherwise, these fees are payable. We'll give you 30 days' notice before these fees apply. To understand more, refer to clause 22 of the Member Guide to Transaction Banking PDS.

2. The full investment amount must be deposited into an Everyday Online Term Link Account within 7 days of opening a Term Deposit online (if it's not already there). We then transfer this amount to the Term Deposit by the end of the next business day. Withdrawals from a Term Deposit opened online may be transferred to an Everyday Online Term Link Account or another type of IMB transaction or savings account. We process transfers to and from a Term Deposit opened online based on your instructions - you are not able to conduct these types of transactions directly using Internet Banking.

This document forms part of IMB's Product Disclosure Statement (PDS) for products and payment facilities listed on Page 1 & 2 of IMB's Member Guide to Transaction Banking, which consists of the following documents: IMB Member Guide to Transaction Banking PDS, PDS Fees, Charges and Limits, PDS Interest Rates for IMB Products, and any other supplementary PDS issued by IMB from time to time. Please consider the PDS, available from IMB before making a decision about these products.
