

Hope FOR THE Holidays

Where joy shines brighter together!

Make a monetary gift

Supported by
PORSCHE
Mark Motors Porsche

Your donation helps keep our Clubhouses open and full of life, providing nutritious snacks, positive role models, recreation and programs that empower youth all year long.

Give today and **your generosity will be doubled** to make twice the difference for Ottawa's kids.

Other ways to share holiday cheer

If you'd like to contribute beyond a financial gift, you can also:

Support a child:

Provide warm clothing, toys, games or gift cards to make a young person feel cared for and included.

Support a family:

Build a festive hamper with food, household goods and thoughtful gifts so families can celebrate together.

Support a clubhouse:

Contribute décor, nutritious food for celebrations or program supplies to keep activities running strong.

Visit bgcottawa.org/hopefortheholidays to make your matched donation or sign up to help today.

Every smile, every full pantry, every joyful moment begins with people like you.

Your gift ensures that every child and family feels the magic of the holidays and the hope of knowing they're not alone.

Join us and share hope for the holidays!

"The holidays are a time of wonder, a season filled with laughter, light and connection. But for many children, youth and families in our community, this time of year can also bring uncertainty.

Thanks to your kindness, BGC Ottawa continues to be a place of hope and belonging all year long. Your support helps children discover their potential, find positive role models and know they are part of a community that cares.

This holiday season, you can make that impact go even further. Every dollar you give before December 31 will be matched by our friends at Mark Motors Porsche, up to \$25,000 – doubling the difference you make for local kids and families.

From all of us at BGC Ottawa, thank you for your generosity, your compassion and your belief in brighter futures. Wishing you and your loved ones a joyful holiday season."

Medin Admasu,
Chief Programs Officer
