Brickwork Apprenticeship

Starting Pay	Qualification	Location	Course Duration
£7.55/hour - Paid lunch hour - Regular pay reviews	- Level 2 Bricklaying Standard - CSCS Card which enables you to work on site	London South Bank Technical College	24 Months - Min. 40hours/week

What You'll Learn

Throughout your apprenticeship, your training will alternate between college blocks, with theory and practical sessions, followed by blocks on live construction sites.

Over the duration of your apprenticeship you will learn:

- Laying bricks, blocks and cavity walling
- Reading plans and measurements
- Setting out work areas
- Jointing and finishing techniques
- Health, safety and site awareness
- Teamwork, precision, and time management

Scaffolding Apprenticeship

In collaboration with Simian

Starting Pay	Location
• £9.00/hour • Paid lunch hour • Regular pay reviews	• Simian Training, London Academy of Sustainable Construction
Qualification	Duration
• Level 2 Scaffolding Standard • CISRS Card which enables you to work on site	• 24 Months • Min. of 40hours/week

What You'll Learn

Throughout your apprenticeship, your training will alternate between college blocks, with theory and practical sessions, followed by blocks on live construction sites.

Over the duration of your apprenticeship you will learn:

- Erecting, modifying and dismantling scaffolding systems
- Working safely at height and on-site
- Understanding load capacities and scaffolding components
- Manual handling and hazard awareness
- Reading and following technical drawings and site instructions
