

SULTRASOFT DEO HC

Fresh cleaning enhancer for use in hydrocarbon

Application

SULTRASOFT DEO HC has been specially developed for cleaning textiles in hydrocarbon solvents. It contains fragrance and special additives for hygienic fresh finish.

Properties

SULTRASOFT DEO HC does not contain any boiling-point reducing components.

It has excellent detergency and bulking effect.

Static is reduced and the cleaned goods are given a soft texture.

Sultrasoft DEO HC also gives a Hygienic finish

Use instructions

Optimal action of Sultrasoft DEO HC is obtained with a 2-bath method, in which the first wash bath is continuously distilled.

The addition of Sultrasoft DEO HC is 2 ml per litre of solvent (bath and filter content)

SULTRASOFT DEO HC is not suitable for pre-spotting. For Prespotting use SULTREX HC.

Physico-chemical properties

Appearance: Clear amber liquid.

Flash point > 60 °C

pH-value (1%): 6/8

Solubility: Soluble in Hydrocarbon

Composition & Safety

Cationic surfactants 15%

Non-Ionic surfactants 30%

Meets European directives on the classification, packaging and labelling of dangerous chemical substances and preparations.

Storage

Use above 5°C. Store above 0°C

Packaging

Canister 10kg
