## Best execution policy

There are multiple exchange markets operating in Australia. As a market participant, we must take reasonable steps when handling and executing an order in equity market products to obtain the best outcome for our clients. We have a best execution policy that outlines how we will execute and deal with orders to ensure that we adhere to our best execution obligation. This policy is publicly available on our website.

## What information should you provide to receive personalised advice?

You need to provide us with details of your personal objectives, risk profile, your current financial situation and any other relevant information, so that we can offer you the most appropriate advice possible.

You have the right not to provide this information. However, if you choose not to provide any or all of the information requested, the advice you receive from us will be limited accordingly and may not be appropriate to your needs, objectives and financial situation.

In these circumstances you should consider the appropriateness of our advice in the light of your own objectives, financial situation or needs prior to making any investment decision. If the advice relates to the acquisition of an unlisted financial product, you should consider the relevant product disclosure statement before making a decision.

## Statement of advice

Whenever we provide you with any personal financial advice, you may be entitled to receive a statement of advice (SOA) from us. The SOA will tell you:

- the advice
- the basis on which the advice has been provided
- our fees and commissions
- the basis of the remuneration received by your adviser
- any associations we have with financial product issuers or other parties which may have influenced the advice we give you.

## Further advice

Whenever we provide you with further advice, which takes into account your relevant personal circumstances, a SOA generally will not be provided. In these circumstances, we will maintain

brief details of the basis of advice and you may request, for a period of seven (7) years from when the advice is provided, a copy of the record of advice.

A record of your ‘relevant personal circumstances’ will be maintained and a SOA, detailing these personal circumstances and any agreed investment strategy and advice, will be provided to new retail clients. Thereafter, a new SOA will only be provided if you advise that your circumstances have changed materially.

## Product disclosure statement

If we recommend to you a particular financial product (other than securities such as listed shares), we will provide you with information about the particular financial product in a product disclosure statement to help you make an informed decision about the financial product.

## The Morgans network

All Morgans advisers are authorised representatives of Morgans under our AFSL. Morgans has a network of offices around Australia which are operated in one of two ways. Each office is either:

- An ‘owned office’ where the staff and authorised representatives are all employees of Morgans Holdings (Australia) Limited. Morgans Financial Limited is the operating company and a wholly owned subsidiary of Morgans Holdings (Australia) Limited.
- A ‘managed office’ where a service entity has entered into a management agreement with Morgans to manage the office of Morgans in a geographical location. The service entity employs all staff including authorised representatives for that office.

## What will Morgans be paid for providing financial services and how are any commissions, fees or other benefits calculated?

Generally the payment we receive will be based on the amount you pay. It may vary from one financial product issuer to another. Details of the payment we receive are contained in the product disclosure statements for most financial product issuers available from your adviser.

We will advise you about any commissions, fees and any other benefits, where possible, in actual dollar amounts prior to the transaction. This information will be provided verbally and/or, where a SOA is issued, in the written SOA or confirmation.

When personal advice is given, if the remuneration (including commission) or other benefits are not calculable at that time, the manner in which the remuneration (including commission) or other benefits are to be calculated will be disclosed at the time the personal advice is given or as soon as practicable after that time.

There are a number of ways we may be remunerated for our services depending on the type of advice you receive.

## Payments you make to us

- Brokerage is payable by you when we buy or sell securities, such as shares, warrants and options, on an authorised market. The amount of brokerage you pay will be determined in consultation with your adviser. A minimum charge may also apply to transactions. You will also have to pay GST on brokerage.
- We may charge you a fee, depending on the time we spend developing your plan, or depending on the value of funds you invest. This fee will be determined in consultation with your adviser but would normally be based on an hourly rate.
- We may charge you a management fee annually or in instalments, based on the value of your portfolio. This fee will normally be based on the amount under management.
- We may charge you administrative or miscellaneous fees covering (not fully inclusive) off market transfers, cancellations and rebooking, nominee fees, international custody, SRN enquiries, fail fees, late settlement or early settlement, bond custody and settlement etc.

## Payments and other benefits we may receive from financial product issuers (including GST)

- We may receive a payment called commission which is paid to us by a financial product issuer(s). This can be paid in the following manner:
  - We may receive a one off payment from the financial product issuer at the time you invest or contract. These generally are calculated as a percentage of the amount you have invested, typically between 0% and 5.5%.
  - Life insurance company first year commissions (upfront) range between 0% and 60%.
- Renewal commissions on life insurance products range between 0% and 20%.
- We do not charge clients any brokerage in connection with subscriptions for shares in IPOs. However we may receive an advice fee as agreed with you and your adviser for new listings of Listed Investment Companies (LICs) and Listed Investment Trusts (LIT's)). We may, receive a fee from the issuer for handling the application as disclosed in the relevant prospectus and/or allocation letter.
- Morgans does not provide its own margin lending facilities. As members of the financial services industry, staff members of Morgans are entitled to receive a discount on personal margin loans they may hold from such suppliers. These discounts (depending on the issuer) may vary between 50 and 100 basis points and are not related to any client business.
- We may receive payments or benefits from financial product issuers to assist in training of advisers or for education and training purposes.

- We may earn interest, at prevailing bank deposit rates, on the aggregate balance of any funds retained within our trust account.

If you are exercised or assigned a share option, AC charges an exercise fee of \$0.55 per contract and in the case of index options, AC charges \$0.50

per contract, including GST, for both the transaction fee and exercise fee.

Note: these fees are subject to change at any time by the AC.

### Fixed interest products - wholesale clients only

Our remuneration depends on the duration and value of the investment and is usually without charge to the client.

For fixed-term and short-term money market investments arranged on behalf of clients, Morgans may receive a commission payment from the deposit taker of up to 0.44% which does not reduce the interest received by the client or the principal investment. If you have any queries regarding remuneration, fees or charges, you may request from your adviser full details of the calculation of a particular commission, fee or other benefit for providing a specific financial service.

## How are our service entities, advisers and referral sources paid?

### Service entities

For our managed offices, the service entities are paid monthly in accordance with the management agreement between Morgans and the service entity. The amount that the service entity is paid depends on the various products, volume levels, agreed commission distribution and fixed costs associated with the business written by advisers at the relevant managed office. For example, on a brokerage charge to the client of \$100, the service entity may receive around \$85 from Morgans. Out of the amount the service entity receives, the service entity will then pay its fixed costs and remunerate its employees in accordance with their employment contracts.

If your adviser is employed by a service entity, this manner of calculation will be disclosed at the time that personal advice is given to you or as soon as practicable afterwards.

### Advisers

Advisers are remunerated by their employer by way of salary and/or a percentage share of commissions earned by Morgans from business written by the adviser (ranging from 33 1/3% to 65% depending on the products and volume levels) and/or a share of any profits of the service entity or Morgans Holdings (Australia) Limited where the adviser is a shareholder or unit holder of such entity. Advisers may also earn bonus payments based on the individual and the company's performance.

### Referral services

If a third person such as a financial planner or an accountant has referred you to us, if permitted under FOFA, we may pay to that person a part of any fees or commissions we receive from you. This will be disclosed to you at the time of transacting business.
