Professional Experience

Staff Product Designer - The Trade Desk

New York, NY | Apr 2024 – Nov 2025

- Led cross-functional teams (Designers, PMs, Content Strategists, Engineers) to design and implement a premium SaaS-based Demand-Side Platform (DSP) for top media buyers and publishers.
- Designed a 0-1 seller and publisher platform that increased customer adoption rates by 20%.
- Led critical design initiatives to streamline publisher workflows and ad contract controls, improving speed, usability, and data clarity for technical users.
- Established a seller-side design language and visual standards to scale across OpenPath, Deal Desk, and related platforms.
- Developed a User Experience (UX) design that aligned company-wide teams on product vision, roadmaps, and priorities for the seller and publisher platform.

Lead Product Designer - Roku

New York, NY | Oct 2021 – Nov 2023

- Led cross-functional team of designers, PMs, content strategists, and engineers to develop a premium SaaS-based AdTech platform for media buyers and publishers.
- Designed a 0-1 campaign order management tool that increased Ad sales monetization by 5%.
- Defined customer research objectives and KPIs (e.g., time of completing tasks, number of reporting tickets) to expedite manual tasks and, the product development lifecycle.

Senior UX Designer - JP Morgan & Chase Co.

New York, NY | Jan 2018 – Sep 2021

- Pioneered, in collaboration with cross-functional teams (Engineering, Design, Content, Research, Product), the UX design of customer-centric wealth management fintech products.
- Redesigned the customer asset transfer experience, which reduced complaints by 15%.
- Designed the industry's first mobile check deposit service for investment accounts, which increased deposits by 300%.
- Partnered with data scientists and UX researchers to develop KPIs (e.g., user feedback, task completion rates, and numbers of troubleshooting tickets) for better business outcomes.

Senior UX Designer - Accenture Song

New York, NY | Jan 2017 – Dec 2017

- Liaised with designers, business analysts, and product owners to develop digital company internet and e-commerce products and services that elevated usability of the platform and increased customer retention.
- Redesigned the B2B customer order and checkout experience for 3M.com, reducing dropout rates for 3M customers by 13%.

UX Designer and Strategist - Designit

New York, NY | Jul 2015 – Jul 2017

- Partnered with designers, researchers, and project managers to develop consumer banking applications, developer platforms and B2B printing customization tool for technology companies to elevate their user experiences.
- Redesigned Microsoft Connect to optimize the developer platform experience by modernizing the file management wizard and analytics dashboard to visualize file performance and status.
- Worked on new business ideas and pitched them to clients such as Cisco, where we design a conceptual idea for its AI teleconferencing platform.

Additional Relevant Experience

- UX & Product Management Mentor (3K+ volunteer hours), ADPList, Oct 2021 – present
- Visual and Interaction Designer, Mobile Apps for Early-Stage Startups, Appetizer Mobile
- Junior Designer, Healthcare Interfaces for Web and Mobile, True Parallel
