

MSc Psychology Top-Up

University of Wolverhampton

The MSc Psychology (Top-Up) programme is designed for learners who have already completed a relevant postgraduate qualification and wish to progress to a full master's degree in psychology. Completed within a shorter time frame, the programme develops advanced psychological knowledge, research capability, and analytical skills relevant to contemporary psychological practice and study. The course explores areas such as cognitive psychology, behavioural studies, mental health, research methods, and ethical practice. Graduates will strengthen their critical thinking and research abilities, emerging as confident and highly skilled professionals prepared for further academic study or careers in psychology-related and people-focused sectors.
