

MSc Project Management Top-Up

University of Wolverhampton

The MSc Project Management (Top-Up) is designed for learners who have already completed a relevant postgraduate qualification and wish to progress to a full master's degree in a shorter time frame. The programme develops advanced knowledge and practical skills required to successfully plan, manage, and deliver projects across a wide range of industries. Aligned with current industry standards and best practices, the course focuses on project planning, risk management, leadership, strategic decision-making, and organisational performance. Graduates will emerge as confident, analytical, and highly employable professionals, well prepared to lead complex projects and drive organisational success.
