

## Level 5 Diploma in Business Management

### Gatehouse Awards

## Overview

The Level 5 Diploma in Business Management is designed for learners who wish to advance their knowledge and skills in business and management. Building on foundational study, the programme develops a deeper understanding of organisational operations, strategic thinking, and effective management practices.

The course covers areas such as strategic management, marketing, financial management, human resource management, and business operations. Learners will strengthen their analytical, leadership, and decision-making abilities, preparing them for managerial roles or progression to a full undergraduate degree.

## Entry Requirements

- The qualification is available to candidates aged 18 and over.
- A full level 3 qualification, for example vocational qualifications, A-levels, or equivalent.
- Candidates should also have a minimum of level two in English and maths (e.g. GCSE Grade C / Grade 4 or above) or equivalent.

## Unit Names

- Principles of Business Planning
- Decision-Making and Leadership
- Lead and Manage Teams Effectively in a Workplace
- Customer Service
- Human Resources Management
- Principles of Marketing

**Mode of Study:** Distance Learning
