

Strong Shelving

IDEAL FOR HEAVY LOADS

Configuration Options

Custom-made to size. Lengths: every ~30 mm (Q shelves) and every 90 mm (P shelves)

AL+PP

Anodised aluminum alloy frame and polypropylene copolymer shelves

Rust-proof, with a 10-year warranty against corrosion from water and humidity

EN AW-6060

Suitable for use in food environments

Height-adjustable feet

Designed in compliance with current European safety regulations and standards

Stable and sturdy, requiring no anchors or stabilising crossbars. No plastic joints

Open-faced corner design to maximise storage space

-30°

Tested for use in cold rooms down to -30°C

Easy and quick assembly with a snap-fit system. No special tools needed

HACCP

Easy to clean and sanitise according to HACCP standards

Removable polypropylene shelves, dishwasher-safe

Wide range of standard depths: 300, 400, 450, 600, **700, 750, 800, 850 and 900 mm**

Load capacity certified according to Eurocode 9: up to **400 kg per shelf**

Highlights

Measurements and Technical Details:

Height:	Any upon request. Standard: 1500, 1800, 2000 mm Quantity of levels upon request Height adjustable every 150 mm
Depth:	300, 400, 450, 600, 700, 750, 800, 850, 900 mm (greater depths available upon request)
Length:	P shelves: every 90 mm ➔ 15 standard lengths available Q shelves: every 32 mm ➔ 28 standard lengths available

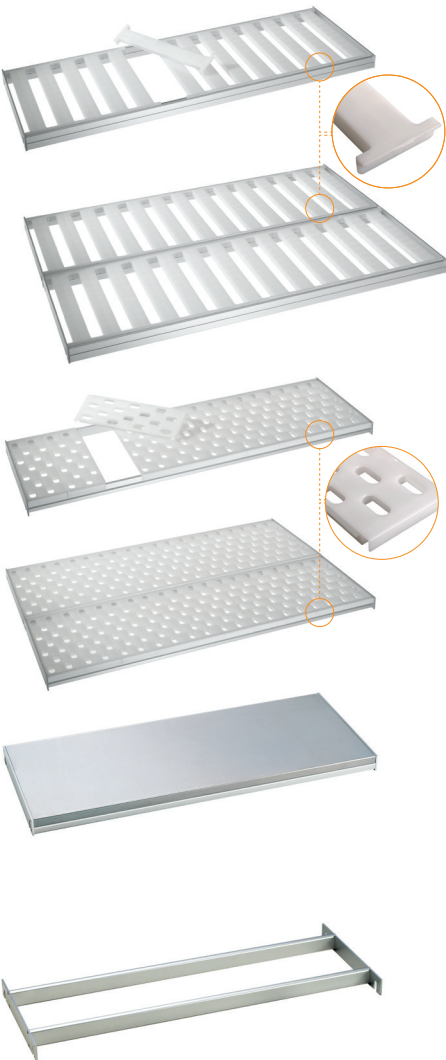

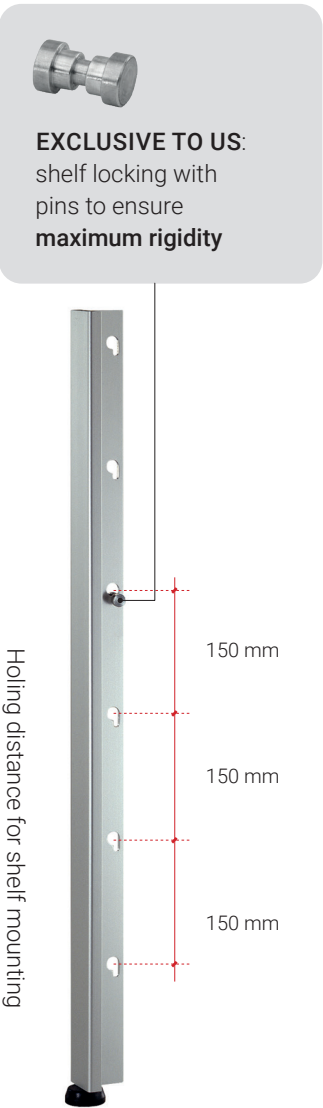

Load Capacity per Each Shelf:

	P/P-I	DEPTH mm	
		300-450	600-900
LENGTH mm	1000	400 kg	400 kg
	1270	400 kg	400 kg
	1540	350 kg	295 kg

In corner compositions, for hooked shelves: from 150 to 400 kg depending on the configuration

	Q/Q-I	DEPTH mm	
		300-450	600-900
LENGTH mm	1000	400 kg	400 kg
	1250	400 kg	400 kg
	1520	320 kg	320 kg

In corner compositions, for hooked shelves: from 100 to 280 kg depending on the configuration

P: Slatted polypropylene shelves
50 mm slats, with a 40 mm gap between them. In the top photo, the single-slat version for depths of 300, 400, and 450 mm. In the bottom photo, the double-slat version for depths of 600, 700, 750, 800, 850, and 900 mm

Q: Gridded polypropylene shelves
