Lyon DISPLAY CASES

"FOR THE GEMS IN THE PATISSERIE"

FEATURES

- Unrivalled exhibition flexibility

Our patisserie display cases give you the freedom of exhibiting different products in the same linear assembly, whether you need to display hot, cool or room temperature products.

- Tailor-made colour customization

We know your business image is crucial. That's why we offer a wide variety of decoration with customizable colours, which allows you to adapt the aesthetics of our product to perfectly fit your brand.

- Display in extreme conditions

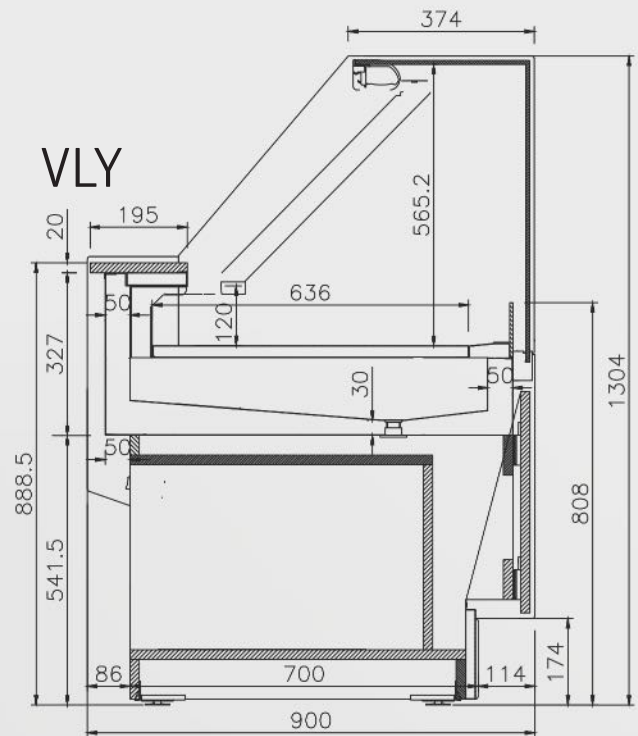

Our display cases have been subjected to rigorous testing in tough environmental conditions, which guarantees an optimal performance in any environment.

- Variety in specialized furniture

With glass shelves of different heights, may they be high or low, and specifically designed for hot and room temperature products, even for chocolates, the Lyon series offer different options to display your products in a fancy and elegant way.

VL12BMS

A detailed illustration of a strawberry shortcake dessert. It features a round, golden-brown shortcake base with a scalloped edge. The top is covered with a thick layer of white whipped cream, which is garnished with several fresh strawberries. The strawberries have green leaves and small seeds. The entire dessert is set against a plain white background.

LYON DISPLAY CASES

FOR THE GEMS IN THE PATISSERIE

The Lyon patisserie display cases stand out for its exhibition flexibility, which allows you to display different products in just one space.

With an elegant and fancy design, you can customize its decoration. These display cases allow you to exhibit a wide range of products, including hot, cool and room temperature products.

And what's more, they have a range of furniture that includes high, low, and neutral glass options, just like specific designs for delicate chocolate products.

VLY

Vitrina expositora para pastelería / Pastry display case / Vitrine d'exposition pour pâtisserie

CARACTERÍSTICAS

Vitrina modular de pastelería sin reserva con grupo incorporado ECO R290.
Alta capacidad y amplio plano de exposición.
Sistema de refrigeración ventilado.
Cristales templados.
Estructura y soporte de cristales en periferia de aluminio anodizado.
Encimera de trabajo en Quartz Compac Blanco.
Plano de exposición en acero inoxidable AISI304 (I).
Plano de exposición lacado en color negro.
Aislamiento de poliuretano inyectado a alta presión libre de CFC's, con densidad de 40Kg/m.
Zócalo en acero inoxidable AISI304.
Decoración frontal en DM hidrófugo lacado de alta resistencia.
Control electrónico.
Bandeja evaporativa en acero inoxidable.
Desescarche automático.
Equipamiento de alta eficiencia:
- iluminación exposición LED blanco cálido 2700K
- iluminación decorativa LED blanco frío 6000K
- Ventiladores electrónicos.

MAIN FEATURES

Modular pastry display case without reserve plug in ECO R290 unit.
High capacity and large display area.
Ventilated refrigeration system.
Tempered glass.
Structure and glass support in anodised aluminium profiles.
Worktop in Quartz Compac White.
AISI304 (I) stainless steel display surface.
Exhibition surface lacquered in black colour.
CFC-free, high-pressure injected polyurethane insulation, density 40Kg/m.
AISI304 stainless steel plinth.
Front decoration in high resistance water-repellent lacquered MDF.
Electronic control.
Stainless steel evaporative tray.
Automatic defrosting.
High efficiency equipment:
- exhibition lighting LED warm white 2700K
- decorative lighting LED cool white 6000K
- Electronic fans.

CARACTERISTIQUES

Vitrine à pâtisserie modulaire sans réserve avec groupe incorporé ECO R290.
Grande capacité et grande surface d'exposition.
Système de réfrigération ventilé.
Verre trempé.
Structure et support du verre en profilés d'aluminium anodisé.
Plan de travail en Quartz Compac White.
Surface d'exposition en acier inoxydable AISI304 (I).
Plan d'affichage laqué en noir.
Isolation en polyuréthane injecté à haute pression, sans CFC, densité 40Kg/m.
Plinthe en acier inoxydable AISI304.
Décor frontal en MDF laqué hydrofuge haute résistance.
Contrôle électronique.
Bac d'évaporation en acier inoxydable.
Dégivrage automatique.
Équipement à haut rendement :
- éclairage de l'écran LED blanc chaud 2700K
- éclairage décoratif LED blanc froid 6000K
- Ventilateurs électroniques.
