

FAUX - SINGLE STROKE NEON

Indoor and Outdoor Rated - Static Whites & Colors, Tunable White, RGB PWM & Pixel

FEATURES

Illumination	SMD LEDs
Lit Surface Material	Frosted or Polished Clear Acrylic Diffuser
Return Material	0.04in (0.9mm) 304# Stainless Steel, Aluminum or Brass
Minimum Stroke	0.39in (10mm)
Maximum Stroke	1.18in (30mm)
Minimum Width	7.87in (200mm)
Maximum Width	47.24in (1200mm)
Minimum Height	7.87in (200mm)
Maximum Height	47.24in (1200mm)
Minimum Depth	0.75in (19mm)
Maximum Depth	5in (127mm)

This specification is for reference purposes only, and adjustments will be made to accommodate the various shapes and sizes of the sign.

CUSTOMIZATION OPTIONS

Diffuser	Rounded 0.47in (12mm) frosted or polished clear acrylic top with a 0.12in (3mm) colored or white opal acrylic strip under the diffuser
Returns	Painted or Brushed 304# Stainless Steel or Aluminum
LED's	Face lit with CE/UL Certified Waterproof (or non-waterproof for indoor use) Colored, White, or RGB 12V or 24V LED modules as the light source
Power	CE/UL Certified and Waterproof DC12V or 24V Transformer Power Supply

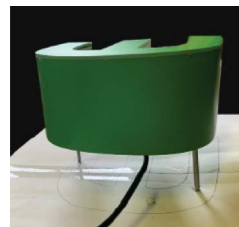

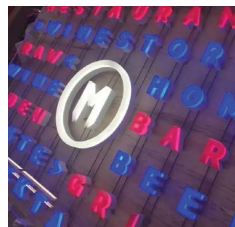

Please inquire for other custom material.

MOUNTING

ACRYLIC OR METAL BACKER

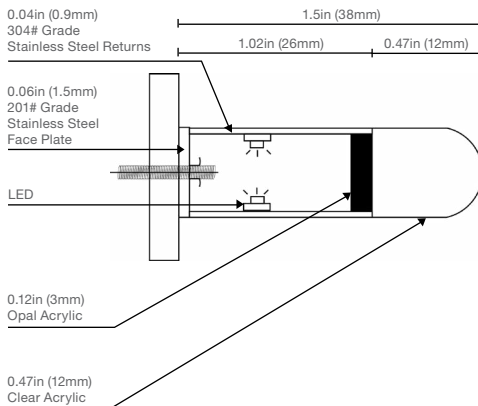

REAR SCREW STANDOFF PINS: ALL ORDERS INCLUDE 1:1 SIZED PAPER TEMPLATE FOR EASY ROUGH-IN & INSTALLATION
