

## WAVE

### Silicone Profile - Flexible

An all-in-one mounting profile designed to unleash your creativity. This profile not only provides flexibility in installation methods, but also overcomes bending limitations by offering both top and side bending in a single profile. Fully encapsulated in UL-certified silicone, it excels in UV, weather, and corrosion resistance, making it suitable for underwater, high and low temperature environments. Elegant and square in appearance, it is available in black or white standard colors, or bespoke colors to blend in with the background. Supported by innovative serrated silicone fins, its clamping strength is strong enough to secure any installation method. Please refer to install manual for proper installation practices.

NOTES: With this mounting profile, bend fixtures only along their designated axis — side-bending fixtures sideways, top-bending fixtures topways.

#### ORDER CODE

| MOUNTING PROFILE TYPE  | STANDARD LENGTH                                                                                              | PROFILE  | COLOR                                | BENDING |
|------------------------|--------------------------------------------------------------------------------------------------------------|----------|--------------------------------------|---------|
| C1 = Silicone Flexible | F = 2.16in (55mm)<br>B = 4.33in (110mm)<br>C = 7.87in (200mm)<br>3 = 19.68in (500mm)<br>5 = 39.37in (1000mm) | F = Wave | 2 = Black<br>3 = White<br>0 = Custom | 4 = N/A |

#### DIMENSIONS

Tolerance: ± 0.01in (0.3mm)

NOTES: 1. 2-L1 refers to two of symmetric L1 in each piece of profile.  
2. (N-1)-L2 refers to (N minus one) of symmetric L2 in each piece of profile.  
"N" hereby stands for its corresponding "Hole Number" in the below table

| ORDER CODE | LEGACY ORDER CODE: WHITE | LEGACY ORDER CODE: BLACK | STANDARD LENGTH  | L1              | L2              | SLOTTED HOLE   | HOLE # |
|------------|--------------------------|--------------------------|------------------|-----------------|-----------------|----------------|--------|
| C1FF#4     | CH16FAN5C5SEW            | CH16FAN5C5SEB            | 2.16in (55mm)    | 0.49in (12.5mm) | 1.18in (30mm)   | Ø 0.12in (3mm) | 2      |
