Our Venue

Congratulations on your marriage plans! Your wedding is an incredibly special day, a celebration which you will always look back on and remember. Let us help you create a magical and personal occasion that you won't ever want to forget. A wedding venue is one of the first and most important choices in planning your wedding reception. Cossars is located an easy 20 minute drive from central Christchurch and we pride ourselves on being a personal, boutique styled venue with flexible options for your wedding arrangements.

We offer:

- An elegant french-style reception hall. Terracotta tiled floors, high wooden beamed ceiling and large wrought iron chandeliers.
- A naturally lit conservatory with rural hill views including the striking local landmark, Gibraltar Peak. Perfect for dining, for a band, or just for relaxing. A mezzanine floor for dining, or as a space to catch up with family and friends.
- Our spacious limestone chipped courtyard with olive trees, lavender, roses and wisteria, is surrounded by hedging for an intimate feel. A brick water feature is at the centre of the courtyard, and the beautiful barn doors provide a stunning backdrop for many ceremonies.
- Three different ceremony locations - Courtyard setting in front of the barn doors, a lush clearing in amongst the grapevines or a hedge lined lawn.
- A renovated, rustic barn with recycled rimu floors. Overlooking the courtyard, and just steps away from the dining hall, the barn offers a flexible outdoor space option. This can be used for: - wet weather ceremony area (approx. 80-90PAX standing) - a dessert area after dinner - setting up a photo booth for fun - extra covered socialising space.
- The whole property is available for your wedding photos, including a rustic bridge, hanging willow trees, paddocks, grapevines and an olive tree grove.
- For your total peace of mind Cossars has a high spec Kohler Generator, water tank and pump installed.
