

CORPORATE GOVERNANCE PLAN AND BOARD CHARTER

Governs	Globally
Charter / Version number	1.01
Effective From	1 November 2025
Approval	Approved by the Board on 30 October 2025

1. Introduction

The Board (“**Board**”) of Mint Innovation Limited and its subsidiaries (“**Mint**”) has the ultimate responsibility to its shareholders for the strategy and performance of Mint in general. The Board is dedicated to fulfilling these duties in a lawful and professional manner, and with the utmost integrity and objectivity. As such, the Board actively pursues best practice governance processes.

Good governance policies and processes are critical for ensuring that Mint is governed in the best interests of Mint as a whole. With this point in mind, the Board has decided to articulate and formalise the corporate governance framework within which Mint operates.

This document outlines Mint’s corporate governance policy in the form of a Board Charter, which is a written policy document that defines the respective roles, responsibilities and authorities of the Board, both individually and collectively, and of management in setting the direction, management and the control of the organisation. As such, it establishes the guidelines within which the Directors and Officers are to operate as they carry out their respective roles. It does not in any way constitute legal advice or act as a substitute for legal advice.

The Board is cognisant of Mint’s current size, nature and scale of activities and that it currently may not comply with all of the Corporate Governance Principles and Recommendations (4th Edition) published by the ASX Corporate Governance Council. However, Mint will state in its Annual Report its current position on these matters and a regular review will be undertaken to assess the applicability of the current procedures.

The purpose of this Board Charter is to document the policies upon which the Board has decided to meet its legal and other responsibilities.

Mint’s Board Charter has four major sections:

- (i) Part A – Defining Governance Roles;
- (ii) Part B – Board Processes;
- (iii) Part C – Key Board Functions; and
- (iv) Part D – Continuing Improvement.

While it is acknowledged that good governance is an important component of a successful company, it is also recognised that it is contingent upon the context in which it is practiced. Therefore, corporate governance needs to be a dynamic process. This Charter will need to be regularly reviewed and updated to reflect changes in the legal framework within which Mint operates, and amendments and developments in Board policies and procedures. It is the responsibility of Mint Secretary to ensure that the Board is consulted regarding any changes and updates, that the Charter is kept current and is reviewed and amended on a yearly basis, and that all Board members are provided with the latest versions of the Charter.

Mint recognises the overriding importance of its legal obligations which arise from various sources. Accordingly, nothing in this Charter must conflict with the Mint’s Constitution (Constitution), the ASX Listing Rules or any applicable laws such as the Corporations Act 2001 (Cth) (Corporations Act) and/or Companies Act 1993 (NZ) (Companies Act). If such a conflict occurs, the Constitution, Corporations Act and/or Companies Act (as applicable) and the ASX Listing Rules shall prevail.

Any reference to gender in this Charter should be interpreted as applicable to both males and females.

Part A – Defining Governance Roles

1. Scope & Authority

The Board is ultimately responsible for all matters relating to the running of Mint.

The Board's role is to govern Mint rather than to manage it. In governing Mint, the Directors must act in the best interests of Mint as a whole. It is the role of senior management to manage Mint in accordance with the direction and delegations of the Board and the responsibility of the Board to oversee the activities of management in carrying out these delegated duties. Thus, except when dealing with specific management delegations of individual Directors (particularly Executive Directors), it is misleading to refer to the management function of the Board.

The Board has the final responsibility for the successful operations of Mint. In general, it is responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of Mint. It is required to do all things that may be necessary to be done in order to carry out the objectives of Mint. In carrying out its governance role, the main task of the Board is to drive the performance of Mint. The Board must also ensure that Mint complies with all of its contractual, statutory and any other legal obligations, including the requirements of any regulatory body.

Without intending to limit this general role of the Board, the principal functions and responsibilities of the Board include, but are not limited to, the following:

- (a) providing leadership to the Mint by:
 - (i) defining the Mint's purpose;
 - (ii) approving the Mint's Statement of Values and Code of Conduct to underpin the desired culture within Mint;
 - (iii) always acting in a manner consistent with Mint's culture and Code of Conduct and Statement of Values;
- (b) overseeing the development and implementation of an appropriate strategy, the instilling of Mint's values and performance by:
 - (i) working with the senior management team to ensure that an appropriate strategic direction and array of goals are in place;
 - (ii) regularly reviewing and amending or updating Mint's strategic direction and goals;
 - (iii) ensuring that an appropriate set of internal controls are implemented and reviewed regularly;
 - (iv) ensuring an appropriate framework exists for relevant information to be reported by the management to the Board;
 - (v) when required, overseeing planning activities including the development and approval of strategic plans, annual plans, annual corporate budgets and long-term budgets including operating budgets, capital expenditure budgets and cash flow budgets; and
 - (vi) reviewing the progress and performance of Mint in meeting these plans and corporate objectives, including reporting the outcome of such reviews on at least an annual basis;
- (c) overseeing the control and accountability systems that ensure Mint is progressing towards the goals set by the Board and in line with Mint's purpose, the agreed corporate strategy, legislative requirements and community expectations;
- (d) ensuring corporate accountability to the shareholders primarily through adopting an effective shareholder communications strategy, encouraging effective participation at general meetings and, through the Chair, being the key interface between Mint and its shareholders;
- (e) ensuring the integrity of Mint's accounting systems including the external audit;
- (f) ensuring robust and effective risk management (for both financial and non-financial risks), compliance, continuous disclosure and control systems (including legal compliance) are in place and operating effectively;
- (g) appointing, and where necessary removing and/or replacing, the Chair;
- (h) being responsible for Mint's senior management and personnel including:
 - (i) directly managing the performance of the Managing Director, Executive Director or Chief Executive Officer (as applicable) (Managing Director) including:
 - 1. appointing and remunerating the Managing Director;

2. providing advice and counsel to the Managing Director including formal reviews and feedback on his or her performance; and
 3. overseeing the development or removal of the Managing Director, where necessary;
- (ii) ratifying the appointment, the terms and conditions of the appointment and, where appropriate, removal of the Chief Financial Officer (CFO) and/or Company Secretary and other senior executives;
 - (iii) ensuring appropriate checks are undertaken prior to the appointment of directors and senior executives;
 - (iv) ensuring that an appropriate succession plan for the Managing Director, CEO, CFO, Company Secretary and other senior executives is in place; and
 - (v) when required, ensuring appropriate human resource systems (including OH&S systems) are in place to ensure the well-being and effective contribution of all employees;
 - (i) ensuring that Mint's remuneration and nomination policies are aligned with the entity's purpose, values, strategic objectives and risk appetite;
 - (j) delegating appropriate powers to the Managing Director, Company Secretary and committees to ensure the effective day-to-day management of the business and monitoring the exercise of these powers;
 - (k) ensuring Directors receive briefings on material developments in laws, regulations and accounting standards relevant to Mint;
 - (l) where required, challenging management and holding it to account; and
 - (m) making all decisions outside the scope of these delegated powers.

The detail of some Board functions will be handled through Board Committees as and when the size and scale of operations requires such committees. However, the Board as a whole is responsible for determining the extent of powers residing in each Committee and is ultimately responsible for accepting, modifying or rejecting Committee recommendations.

2. Board Structure

2.1 Number of Directors

The Board has determined that, consistent with the size of Mint and its activities, the Board shall be comprised of a minimum of three (3) Directors, at least two of whom shall be non-executive.

The Board's policy is that the majority of Directors shall be independent, non-executive Directors at a time when the size of Mint and its activities warrants such a structure. This will ensure that all Board discussions or decisions have the benefit of outside views and experience, and that the majority of Directors will be free of any interests or influences that could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of Mint.

The Board has adopted the definition of independence set out in the ASX Corporate Governance Council Corporate Governance Principles and Recommendations (4th Edition) as set out in Annexure A.

The independence of Mint's Non-Executive Directors will be assessed annually, or more frequently if circumstances require. Mint will disclose the names of the Directors considered by the Board to be independent Directors and the length of service of each Director, as at the end of each financial year, in Mint's Annual Report.

If a Director has an interest, position or relationship of the type described in Annexure A, but the Board is of the opinion that it does not compromise the independence of that Director, Mint may consider disclosing in Mint's Annual Report the nature of the interest, position or relationship in question and an explanation of why the Board is of that opinion.

Any change in the nature of the independence status of a Non-Executive Director must be promptly notified to the chair of the Board (Chair) and Company Secretary, and the Board will review that Director's independence status. If the Board determines that there has been a change to the independence status of

a Non-Executive Director, the Board will take steps to ensure that this change is disclosed and explained in a timely manner to the market.

In the opinion of the Board, all Directors should bring specific skills and experience that add value to Mint.

When considering the potential reappointment of an existing Director, the Board will take into account its skills matrix which sets out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership.

When considering vacancies, the Board will take into account a candidate's capacity to enhance the skills matrix and experience of the Board.

2.2 Appointment of Directors

Mint may, by ordinary resolution, increase or decrease the number of Directors and may also determine in what rotation the increased or decreased number is to go out of office and otherwise in accordance with the Constitution.

Mint will undertake appropriate checks before appointing a person and provide shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director.

Before appointment to the Board, candidates must confirm that they will have sufficient time to meet their obligations to Mint, in light of their commitments.

All Directors (other than a Managing Director, if any) are subject to re-election by rotation at least every three years. Newly appointed Directors must seek re-election at either the next general meeting or annual general meeting of shareholders following their appointment.

2.3 Skills Required on the Board

The Board, with the guidance of the Remuneration and Nomination Committee (if there is one), will regularly review capabilities, technical skills and personal attributes of its Directors. It will normally review the Board's composition against those attributes and recommend any changes in Board composition that may be required. An essential component of this will be the time availability of Directors.

2.4 Written Agreement

Mint shall have a written agreement with each Director and senior executive setting out the terms of their appointment (Written Agreement). The Written Agreement should be with the Director or senior executive personally unless Mint is engaging a bona fide professional services firm.

The Written Agreement should include:

- (a) the requirement to disclose the Director's interests and any matters which could affect the director's independence;
- (b) the requirement to comply with Mint's corporate governance policies and charters;
- (c) the requirement to notify Mint of or seek Mint's approval before accepting, any new role that could impact upon the time commitment expected of the Director or give rise to a conflict of interests;
- (d) Mint's policy around independent professional advice;
- (e) indemnity and insurance arrangements;
- (f) rights of access to corporate information; and
- (g) ongoing confidentiality obligations.

2.5 Duration of Appointment

In the interest of ensuring a continual supply of new talent to the Board, Non-Executive Directors will serve for a maximum of 10 years unless there are exceptional circumstances. The exception to this policy is that a Director who is serving as Chair at the conclusion of the usual maximum term may serve an additional

term in that role. If a Director has served in their position for more than 10 years, the Board will regularly assess if their independence may have been compromised.

2.6 Vacation of Office

Subject to clause 2.5, it is envisaged that Directors shall remain on the Board until required to vacate the office by law or as detailed in the Constitution.

3 Individual Directors

3.1 The Role of Individual Directors

As members of the peak decision-making body in Mint, Directors share ultimate responsibility for Mint's overall success. Therefore, Directors have an individual responsibility to ensure that the Board is undertaking its responsibilities. Directors need to ensure that the Board is providing:

- (a) leadership to Mint, particularly in the areas of ethics and culture;
- (b) a clear and appropriate strategic direction;
- (c) upholding Mint's values;
- (d) accountability to key stakeholders, particularly shareholders;
- (e) oversight of policies;
- (f) oversight of all control and accountability systems including all financial operations and solvency, risk management, monitoring conduct that is inconsistent with Mint's Code of Conduct and compliance with material legal and regulatory requirements;
- (g) an effective senior management team and appropriate personnel policies as and when required; and
- (h) timely and effective decisions on matters reserved to it.

3.2 Directors' Code of Conduct

In accordance with legal requirements and agreed ethical standards, Directors and key executives of Mint:

- (a) will comply with Mint's Code of Conduct (having regard to the Director's role as either an Executive or Non-Executive Director);
- (b) will act honestly, in good faith and in the best interests of the whole Company;
- (c) owe a fiduciary duty to Mint as a whole;
- (d) have a duty to use due care and diligence in fulfilling the functions of office and exercising the powers attached to that office;
- (e) will undertake diligent analysis of all proposals placed before the Board;
- (f) will act with a level of skill expected from directors and key executives of a publicly listed company;
- (g) will use the powers of office for a proper purpose, in the best interests of Mint as a whole;
- (h) will demonstrate commercial reasonableness in decision making;
- (i) will not make improper use of information acquired as Directors and key executives;
- (j) will not disclose non-public information except where disclosure is authorised or legally mandated;
- (k) will keep confidential, information received in the course of the exercise of their duties and such information remains the property of Mint from which it was obtained and it is improper to disclose it, or allow it to be disclosed, unless that disclosure has been authorised by the person from whom the information is provided, or is required by law;
- (l) will not take improper advantage of the position of Director or use the position for personal gain or to compete with Mint;

- (m) will not take advantage of Company property or use such property for personal gain or to compete with Mint;
- (n) will protect and ensure the efficient use of Mint's assets for legitimate business purposes;
- (o) will not allow personal interests, or the interest of any associated person, to conflict with the interests of Mint;
- (p) have an obligation to be independent in judgment and actions and Directors will take all reasonable steps to be satisfied as to the soundness of all decisions of the Board;
- (q) will make reasonable enquiries to ensure that Mint is operating efficiently, effectively and legally, towards achieving its goals;
- (r) will not engage in conduct likely to bring discredit upon Mint;
- (s) will encourage fair dealing by all employees with Mint's customers, suppliers, competitors and other employees as and when those dealings occur;
- (t) will encourage the reporting of unlawful/unethical behaviour and actively promote ethical behaviour and protection for those who report violations in good faith;
- (u) will give their specific expertise generously to Mint; and
- (v) have an obligation, at all times, to comply with the spirit, as well as the letter of the law and with the principles of this Charter.

3.3 Expectations of Directors in Board Process

Since the Board needs to work together as a group, Directors need to establish a set of standards for Board meetings. At Mint, it is expected that Directors shall, in good faith, behave in a manner that is consistent with generally accepted procedures for the conduct of meetings at all meetings of the Board. This will include, but not be limited to:

- (a) behaving in a manner consistent with the letter and spirit of the Code of Conduct;
- (b) acting in a businesslike manner;
- (c) acting in accordance with the Constitution and Board policies;
- (d) addressing issues in a confident, firm and friendly manner;
- (e) preparing thoroughly for each Board or Committee meeting or event;
- (f) using judgment, common sense and tact when discussing issues;
- (g) minimising irrelevant conversation and remarks;
- (h) ensuring that others are given a reasonable opportunity to put forward their views;
- (i) refraining from interruption or interjection when a speaker has the floor; and
- (j) being particularly sensitive in interpreting any request or direction from the Chair that aims to ensure the orderly and good-spirited conduct of the meeting.

Directors are expected to be forthright in Board meetings and have a duty to question, request information, raise any issue, and fully canvas all aspects of any issue confronting Mint, and cast their vote on any resolution according to their own judgment.

Outside the boardroom, however, Directors will support the letter and spirit of Board decisions in discussions with all stakeholders including any shareholders, special interest groups, customers, staff, suppliers and any other parties.

Directors will keep confidential all Board discussions and deliberations. Similarly, all confidential information received by a Director in the course of the exercise of the Director's duties remains the property of Mint and is not to be discussed outside the boardroom. It is improper to disclose it, or allow it to be disclosed, unless that disclosure is required by law and in any event should not be disclosed without appropriate authorisation.

3.4 Emergency Contact Procedures

As there is the occasional need for urgent decisions, Directors should leave with the Company Secretary any contact details, either for themselves or for a person who knows their location, so that all Directors can be contacted within 24 hours in cases of a written resolution or other business.

4 The Role of Chair

To the extent possible, the Chair of the Board is to be an independent Director and is not to be the same person as the Managing Director.

The Chair's role is a key one within Mint. The Chair is considered the "lead" Director and utilises his/her experience, skills and leadership abilities to facilitate the governance processes.

There are two main aspects to the Chair's role. They are the Chair's role within the boardroom and the Chair's role outside the boardroom.

4.1 Inside the Boardroom

Inside the boardroom the role of the Chair is to:

- (a) establish and approve the agenda for Board meetings in consultation with the Managing Director;
- (b) chair Board meetings;
- (c) ensure adequate time in Board meeting for discussion of all agenda items including strategic issues;
- (d) be clear on what the Board has to achieve, both in the long and short term;
- (e) provide guidance to other Board members about what is expected of them;
- (f) facilitate effective contribution of all Directors and promoting constructive and respectful relations between Directors and between the Board and management;
- (g) ensure that Board meetings are effective in that:
 - (i) the right matters are considered during the meeting (for example, strategic and important issues);
 - (ii) matters are considered carefully and thoroughly;
 - (iii) all Directors are given the opportunity to effectively contribute; and
 - (iv) the Board comes to clear decisions and resolutions are noted;
- (h) brief all Directors in relation to issues arising at Board meetings;
- (i) ensure that the decisions of the Board are implemented properly; and
- (j) ensure that the Board behaves in accordance with its Code of Conduct.

The Chair has authority to act and speak for the Board between its meetings, including engaging with the Managing Director.

4.2 Outside the Boardroom

Outside the boardroom the role of the Chair is to:

- (a) in conjunction with the Managing Director, undertake appropriate public relations activities;
- (b) be the spokesperson for Mint at the annual general meeting and in the reporting of performance and profit figures;
- (c) be the major point of contact between the Board and the Managing Director;
- (d) be kept fully informed of current events by the Managing Director on all matters which may be of interest to Directors;

- (e) regularly review with the Managing Director, and such other senior officers as the Managing Director recommends, progress on important initiatives and significant issues facing Mint; and
- (f) provide mentoring for the Managing Director.

5 The Role of Company Secretary

The Company Secretary is charged with facilitating Mint's corporate governance processes and so holds primary responsibility for ensuring that the Board processes and procedures run efficiently and effectively. The Company Secretary is accountable to the Board, through the Chair, on all matters to do with the proper functioning of the Board and reports directly to the Chair as the representative of the Board. The Company Secretary is appointed and dismissed by the Board and all Directors have right of access to the Company Secretary.

The tasks of the Company Secretary shall include:

- (a) Meetings and minutes
 - (i) notifying the directors in advance of a meeting of the Board;
 - (ii) ensuring that the agenda and Board papers as and when they are required, are prepared and forwarded to Directors prior to Board meetings;
 - (iii) recording, maintaining and distributing the minutes of all Board and Board Committee meetings as required;
 - (iv) maintaining a complete set of Board papers at Mint's main office, preparing for and attending all annual and extraordinary general meetings of Mint; and
 - (v) recording, maintaining and distributing the minutes of all general meetings of Mint.
- (b) Compliance
 - (i) overseeing Mint's compliance program and ensuring Mint's compliance and reporting obligations are met;
 - (ii) ensuring all requirements of ASIC, the ATO and any regulatory bodies are fully met; and
 - (iii) providing counsel on corporate governance principles and Director liability.
- (c) Governance administration
 - (i) maintaining a register of Company policies as approved by the Board;
 - (ii) maintaining, updating and ensuring that all Directors have access to an up-to-date copy of the Board Charter and associated governance documentation;
 - (iii) maintaining the complete list of the delegations of authority;
 - (iv) reporting at Board meetings the documents executed under a power of attorney, or under the common seal; and
 - (v) any other services the Chair or Board may require.

6 The Role of the Managing Director

The Managing Director is responsible for the attainment of Mint's goals and vision for the future, in accordance with the strategies, policies, programs and performance requirements approved by the Board. The position reports directly to the Board.

If there is no Managing Director appointed at any given time, the Board will nominate another Executive Director to undertake the role/responsibilities assigned to the Managing Director under this Board Charter.

The Managing Director's primary objective is to ensure the ongoing success of Mint through being responsible for all aspects of the management and development of Mint. The Managing Director is of critical importance to Mint in guiding Mint to develop new and imaginative ways of winning and conducting business. The Managing Director must have the industry knowledge and credibility to fulfil the requirements of the role.

The Managing Director will, as and when the size, nature and scale of Mint's activities requires it, manage a team of executives responsible for all functions contributing to the success of Mint.

The Managing Director's specific responsibilities will include:

- (a) managing and administering the day-to-day operations of Mint and its businesses in accordance with the purpose, values, strategy, business plans and policies approved by the Board;
- (b) developing, in conjunction with the Board, Mint's vision, values, and goals;
- (c) responsibility for the achievement of corporate goals and objectives;
- (d) development of short, medium and long term corporate strategies and planning to achieve Mint's vision and overall business objectives;
- (e) preparation of business plans and reports with the senior management;
- (f) developing with the Board the definition of ongoing corporate strategy;
- (g) implementing and monitoring strategy and reporting/presenting to the Board on current and future initiatives;
- (h) advising the Board regarding the most effective organisational structure and oversee its implementation;
- (i) assessment of business opportunities of potential benefit to Mint;
- (j) responsibility for proposals for major capital expenditure to ensure their alignment with corporation strategy and justification on economic grounds;
- (k) sustaining competitive advantage through maximising available resources, encouraging staff commitment and strategically aligning the corporate culture with the organisation's goals and objectives;
- (l) establishing and maintaining effective and positive relationships with Board members, shareholders, customers, suppliers and other government and business liaisons;
- (m) undertaking the role of key Company spokesperson;
- (n) recommending policies to the Board in relation to a range of organisational issues including delegations of authority, consultancies and performance incentives;
- (o) ensuring statutory, legal and regulatory compliance and comply with corporate policies and standards;
- (p) ensuring appropriate risk management practices and policies are in place;
- (q) developing and motivate direct reports and their respective teams;
- (r) selecting and appointing key staff as and when required (direct reports); and
- (s) ensuring there is an appropriate staff appraisal system in place in Mint.

Part B – Board Processes

7 Board Meetings

Board meetings are a fundamental component of governance processes. Each Board meeting is critical, as it is the main opportunity for Directors to:

- (a) obtain and exchange information with the senior management team;
- (b) obtain and exchange information with each other; and
- (c) make decisions.

The Board meeting agenda is equally as important because it shapes the information flow and subsequent discussion.

7.2 Meeting Frequency

Given the size of Mint and the scale of its activities the Board will meet approximately 10 times per year but not less than six times per year and, unless otherwise agreed, Committees will generally meet on a quarterly basis. Where Board and Committee meetings are scheduled for the same month, where possible, Committee meetings will precede the Board meeting by at least one week to allow the circulation of the minutes of the Committee meeting prior to the Board meeting.

7.3 Meeting Time and Location

The Board meets at the offices of Mint in New Zealand, virtually or at other operating locations including the Australian facility. The commencement time will vary depending on the agenda of each individual meeting, the availability of key participants and the location in which the meeting is taking place.

7.4 Meeting Language

If a Director does not speak the language in which the Board meeting is proposed to be held in and key documents are written in, processes will be adopted to ensure that the Director understands and can contribute to discussions at those meetings and understand and discharge their obligations in relation to those documents.

7.5 Meeting cycle

When the size of Mint and the scale of its activities warrants it, and to assist the smooth running of Board processes, the Board will adopt an indicative monthly cycle as follows. The indicative cycle gives Board members seven days to review the agenda and Board papers to save valuable time at meetings by being prepared for discussions and allowing them to seek clarification or further information in advance on ambiguous items.

Under normal circumstances and when warranted, Board meetings shall follow the following monthly cycle:

Item	Day
Draft agenda prepared by the Company Secretary	-7
Company Secretary updates actions arising from the previous meeting	-7
Company Secretary reviews the proposed agenda with the Chair	-7
Board papers and agenda are finalised	-3
Board papers are printed	-3
All Board papers are circulated to Board meeting attendees	-3
Board meeting	0
Draft minutes sent to Chair	3-5
Draft minutes sent to Directors	6-10

All days indicated are calculated in relation to the Board meeting day (day zero).

Please note that this is an indicative cycle only. The actual timing of events in the lead up to and follow up from Board meetings will be dependent upon the circumstances surrounding each individual meeting.

7.6 Conduct of Meeting

The Chair will determine the degree of formality required at each meeting while maintaining the decorum of such meetings. As such the Chair will:

- (a) ensure that all members are heard;
- (b) retain sufficient control to ensure that the authority of the Chair is recognised. This may require a degree of formality to be introduced if this is necessary to advance the discussion;
- (c) take care that the decisions are properly understood and well recorded; and
- (d) ensure that the decisions and debate are completed with a formal resolution recording the conclusions reached.

7.7 Quorum and Voting at Meetings

In order for a decision of the Board to be valid a quorum of Directors must be present. A quorum will be two Directors present, at least one of whom must be an independent Director, in person or by instantaneous communication device or as otherwise stipulated in the Constitution. Questions arising at Board meetings are to be decided by a majority vote of Directors who are present and entitled to vote.

7.8 Emergency Decision Making

A resolution in writing signed by all Directors shall be as valid and effectual as if it had been passed at a meeting of Directors duly convened and held and otherwise in accordance with Mint's Constitution.

7.9 Non-Executive Directors Meetings

The Non-Executive Directors are expected to meet periodically with no management present, to review management performance.

8 Board Meeting Agenda

An agenda will be prepared for each Board and Committee meeting.

The Company Secretary, in consultation with the Chair and the Managing Director, is responsible for preparing an agenda for each Board meeting. However, any Director may request items to be added to the agenda for upcoming meetings.

9 Board Papers

9.1 Preparation and Circulation of Board Papers

The Company Secretary, together with the Managing Director, is responsible for the preparation and circulation of Board papers should they be required. The Board papers, if so required, will be circulated to Directors prior to the Board meeting. If a Board paper relates to a matter in which there is a known conflict of interest with a particular Director then the relevant Board paper will be removed by the Company Secretary, on the instructions of the Chair, from the set of Board papers sent to that Director. In the case of the Chair having a conflict of interest, the Board will appoint another Director to make final decisions on the forwarding of Board papers to the Chair.

9.2 Retention of Board Papers

The Company Secretary maintains a complete set of Board papers at Mint's headquarters. However, individual Directors may retain their own Board papers in a secure location.

9.3 Confidentiality

All proceedings of the Board, including Board papers, presentations and other information provided to the Board, must be kept confidential except as required by law or as agreed by the Board.

10 Board Minutes

Minutes are to be a concise summary of the matters discussed at a Board Meeting. Minutes will contain a brief reference to relevant Board papers tabled plus any official resolutions adopted by Directors. All decisions will be recorded in the minutes by means of a formal resolution.

11 Board Calendar

In order to provide an even distribution of work over each financial year, the Board will adopt a twelve-month Board Calendar. Included will be all scheduled Board and Committee meetings as well as major corporate and Board activities to be carried out in particular months. Once initiated, it will be updated and approved prior to the start of each financial year.

12 Committees

When the size of Mint and the scale of its activities warrant it, the Board will institute the following committees:

- (a) Audit and Risk Committee; and
- (b) Remuneration and Nomination Committee.

The Committee Charter for each of these Committees is available on Mint's website. Nevertheless, the Board has the ability to alter the roles of each Committee as it sees fit. If it is not practicable to operate separate committees due to the size and composition of the Board and/or operations of Mint from time to time, the Board will perform the role of the Audit and Risk Committee and/or Remuneration and Nomination Committee.

When appointing members of each Committee, the Board will take account of the skills and experience appropriate for that Committee as well as any statutory or regulatory requirements.

With respect to any Board Committees, the Board will ensure that the following disclosures are made in Mint's Annual Report:

- (c) the current members of each committee and their professional qualifications and experience;
- (d) the number of times each committee met throughout a period; and
- (e) the individual attendances of the members of those meetings.

As at the date of this Board Charter, the Board has not instituted an:

- (f) Audit and Risk Committee; and
- (g) Remuneration and Nomination Committee.

Part C – Key Board Functions

13 The Board and Strategy

The Board will approve a formal strategic planning process that articulates the respective roles and levels of involvement of the Board, senior management and other employees and will review the strategic plan for Mint on a regular basis.

14 Contact and Advisory Role

14.1 Managing Director Advisory Role

It is recognised that a key directorial duty is providing a sounding board for Managing Director ideas and challenges. Recognising that the Managing Director-Board relationship is critical to effective corporate governance, Directors should provide frank and honest advice to the Managing Director. It is expected that the Chair will play a key part of this role and will maintain regular contact with the Managing Director.

All advice should be constructive in nature and provided in a positive manner. Where appropriate, Directors should recommend possible alternative advisers if they do not feel adequately trained to assist.

14.2 Protocol for Interaction with Internal and External Parties

Media contact and comment:

- (a) The Board has designated the Managing Director or the Chair (where appropriate) to speak to the press on matters associated with Mint. In speaking to the press, the Managing Director or the Chair will not comment on price sensitive information that has not already been disclosed to a relevant authority, however, they may clarify previously released information. To assist in safeguarding against the inadvertent disclosure of price sensitive information, the Managing Director and the Chair will be informed of what Mint has previously disclosed to the market on any issue prior to briefing anyone outside Mint.
- (b) Subject to the policies of the Board and any committee that the Board may appoint from time to time, the Chair is authorised to comment on:
 - (i) annual and half yearly results at the time of the release of the annual or half yearly report;
 - (ii) resolutions to be put to general meetings of Mint;
 - (iii) changes in Directors, any matter related to the composition of the Board or Board processes;
 - (iv) any speculation concerning Board meetings or the outcomes of Board meetings; and
 - (v) other matters specifically related to shareholders.
- (c) Subject to the policies of the Board and any committee that the Board may appoint from time to time, the Managing Director is authorised to comment on:
 - (i) Mint's future outlook;
 - (ii) any operational matter;
 - (iii) media queries concerning operational issues which reflect either positively or negatively on Mint;
 - (iv) proposed or actual legal actions; and
 - (v) queries and general discussion concerning Mint's industry.
 - (vi) See the Code of Conduct for further information relating to conduct of Employees, and the Continuous Disclosure and Communications Policy for further information relating to communications to external parties.

External communications including analyst briefings and responses to Shareholder questions:

- (d) Mint discloses its financial and operational results to the market each year/half year/quarter as well as informing the market of other events throughout the year as they occur. Annual, half yearly and quarterly financial reports, media releases and annual general meeting speeches are all lodged with the appropriate authority. As all financial information is disclosed, Mint will only comment on factual errors in information and underlying assumptions when commenting on market analysts' financial projections, rather than commenting on the projections themselves.
- (e) In addition to the above disclosures, Mint does conduct briefings and discussions with analysts and institutional investors. However, price sensitive information will not be discussed unless that particular information has previously been formally disclosed to the market via an announcement. Slides and presentations used in briefings will also be released immediately prior to briefing the market.
- (f) After the conclusion of each briefing or discussion, if any price sensitive information was disclosed it will be announced immediately to the market.

14.3 Hospitality and Gifts

While Mint recognises the need from time to time to give or accept customary business courtesies in accordance with ethical business practices, Directors and officers will not solicit such courtesies and will not accept gifts, services, benefits or hospitality that might influence, or appear to influence, the Directors' and officers' conduct in representing Mint.

Refer to Mint's Anti-Bribery and Corruption Policy for further information.

15 Monitoring

Another essential function of the Board is to monitor the performance of the organisation in implementing its strategy and overall operational performance.

16 Risk and Compliance Management

The Board is charged with overseeing, reviewing and ensuring the integrity and effectiveness of Mint's risk and compliance systems. The Board has an external independent auditor who is responsible for verifying Mint's compliance systems and reporting to the Board on those systems.

Since risk management is a complex and critical component of Mint's governance, the Board will either establish an Audit and Risk Committee to oversee and guide the detail of this topic or carry out the duties that would ordinarily be carried out by the Audit and Risk Committee. The Managing Director will be charged with implementing appropriate risk systems within Mint. Aspects of this process may be delegated. Refer to the Audit and Risk Management Committee Charter.

The risk management system will be based on Standard ISO 31000:2018.

- (a) Risk management is considered a key governance and management process. It is not an exercise merely to ensure regulatory compliance. Therefore, the primary objectives of the risk management system at Mint will be to ensure:
- (b) all major sources of potential opportunity for and harm to Mint (both existing and potential) are identified, analysed and treated appropriately;
- (c) business decisions throughout Mint appropriately balance the risk and reward trade off;
- (d) regulatory compliance and integrity in reporting is achieved; and
- (e) senior management, the Board and investors understand the risk profile of Mint.

In line with these objectives, the risk management system will cover:

- (f) operations risk;
- (g) financial reporting; and
- (h) compliance.

The Board/Audit and Risk Committee (if there is one) reviews all major strategies and purchases for their impact on the risk facing Mint, and makes appropriate recommendations to the Board. Mint reviews annually its operations to update its risk profile. This occurs in conjunction with the strategic planning process.

The Board or Audit and Risk Committee will create a quarterly report on those areas of risk identified. In addition, as specified by Recommendation 4.2 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (4th Edition), the Managing Director and CFO will provide a written declaration of assurance that in their opinion, the financial records of Mint for any financial period have been properly maintained, comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of Mint, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

Mint produces a number of periodic reports, including its Annual Report, Half-year financial report and quarterly activity and cash flow reports. Mint has in place processes to review and confirm the accuracy and reasonableness of the disclosures contained in these reports at both management and Board level, including where a corporate report of this type is not subject to audit or review by an external auditor. Management prepares the disclosures in these reports whereby subject matter experts and the relevant executives review and approve the disclosures which are then reviewed by Mint's Managing Director and approved by the Board. In the event further legal or financial review is required, the proposed disclosure is run past Mint's advisors, lawyers or auditors (as appropriate) for review.

The relevant contents of reports released by Mint via the ASX Market Announcements platform will be verified by the appropriate person having primary responsibility and expertise in the area. For reports relating to:

- (i) financial matters, typically the Company Secretary will sign off on such reports in conjunction with Managing Director;
- (j) technical matters, typically Managing Director will sign off on such reports; and
- (k) in regard to matters outside these areas, Mint will typically engage with its external advisers as to the form and content of the relevant disclosure.

All reports released via the ASX Market Announcements platform will be subject to sign off by the Board.

17 Delegation of Authority

Directors are responsible for any delegations of their responsibilities with regard to corporate operations. As such, they decide as a Board what Company matters are delegated to either specific Directors or management. In addition, they outline what controls are in place to oversee the operation of these delegated powers.

As a consequence, individual Directors have no individual authority to participate in the day-to-day management of Mint including making any representations or agreements with member companies, suppliers, customers, employees or other parties or organisations.

The exception to this principle occurs where the Board explicitly delegates any authority to the Director individually. Additionally, it is recognised that all Executive Directors will carry significant delegated authority by virtue of their management position.

Similarly, Committees and their members require specific delegations from the Board as a whole and these will be contained in each Committee's respective terms of reference or documented in Board resolutions.

17.2 General Delegations

In general, the Board delegates all powers and authorities required to effectively and efficiently carry out Mint's business. Listed below are the exceptions to these delegations, whereby the Board or appropriate Committee reserves the powers as indicated.

17.3 Decisions Requiring Board Approval

In addition to those decisions requiring approval pursuant to the respective Committee Charters (if any), the following decisions must be referred to the Board for approval:

- (a) Directors acquiring or selling shares, options, equity instruments or equity securities in Mint (Company Securities);
- (b) issuing Company Securities;
- (c) acquiring, selling or otherwise disposing of property in excess of the amount set out in Mint's approval matrix;
- (d) founding, acquiring or selling subsidiaries of or any company within Mint, participating in other companies or dissolving or selling Mint's participation in other companies (including project joint ventures);
- (e) acquiring or selling patent rights, rights in registered trademarks, licences or other intellectual property rights of Mint;
- (f) founding, dissolving or relocating branch offices or other offices, plants and facilities;
- (g) starting new business activities, terminating existing business activities or initiating major changes to the field of Mint's business activities;
- (h) approving and/or altering the annual business plan (including financial planning) for Mint or any part of Mint;
- (i) taking or granting loans which exceed the amount set out in Mint's approval matrix (including, without limitation, the placing of credit orders, issuing of promissory notes or loans against IOUs);
- (j) granting securities of any type;
- (k) granting loans to Company officers or employees and taking over guarantees for Mint's officers and employees;
- (l) entering into agreements for recurring, voluntary, or additional social benefits, superannuation agreements or agreements for general wage and salary increases;
- (m) determining the total quantum and structure of bonuses, incentives, and other employee benefit arrangements, including equity-based instruments such as ESOPs or performance rights, for Company officers and employees;
- (n) determining the appointment, termination, prolongation of employment or amendment to conditions of employment of members of the Board of Directors;
- (o) granting or revoking a power of attorney or limited authority to sign and/or act on behalf of Mint; and
- (p) any public statements which reflect significant issues of Mint's performance, policy or strategy.

Subject to the limitations imposed by Mint's Constitution, statute and other external regulation, the Board remains free to alter the matters reserved for its decision.

18 Restrictions on Security Dealings by Directors

In accordance with Mint's Securities Trading Policy, Directors and other nominated parties may only buy or sell Company Securities during certain periods set out in that policy. The policy contains other relevant restrictions.

All Director dealings of Company Securities must be promptly notified to the ASX. A copy of Mint's Securities Trading Policy is available on Mint's website.

Part D – Continuing Improvement

19 Director Protection

19.1 Information Seeking Protocol

Directors will adhere to the following protocol when seeking information:

- (a) approach the Managing Director to request the required data;
- (b) if the data is not forthcoming, approach the Chair; and
- (c) if the information is still not forthcoming, write a letter to all Board members detailing the information that is required, purpose of the information, and who the Director intends to approach in order to obtain the information.

19.2 Access to Professional Advice

A Director is expected to exercise considered and independent judgment on the matters before them. To discharge this expectation, a Director may, from time to time, need to seek independent, expert opinion on matters before them. All Directors have the individual authority to commit Mint to up to \$5,000 per annum in professional advice.

Prior to seeking professional advice, a Director shall inform the Chair about the nature of the opinion or information sought, the reason for the advice, the terms of reference for the advice and the estimated cost of the advice. Where more than one Director is seeking advice about a single issue, the Chair shall endeavour to coordinate the provision of the advice.

If the cost of professional advice is likely to exceed \$5,000, the Director shall seek authority from the Chair prior to engaging an external expert. The Chair has delegated authority to authorise expenditures up to \$10,000. If the Chair withholds authorisation, the Director has the right to seek authority from the Board at the next Board meeting. If the cost of professional advice is likely to exceed \$10,000, then the Board's approval for the engagement of an external expert is required.

Advice so received should be received on behalf of the Board as a whole.

19.3 Access to Board Papers

The Directors have the right to access board papers. Such access shall be provided on a timely basis.

19.4 Insurance

Mint currently holds Directors' and Officers' Insurance Policies. Mint will ensure that all new Directors and Officers are included on Mint's insurance policies. Mint will also review the Directors' and Officers' Insurance Policies on at least an annual basis to ensure that they are sufficient.

20 Board and Senior Executive Evaluation

20.1 Evaluation Process

The Board considers the evaluation of its own and senior executive performance as fundamental to establishing a culture of performance and accountability. The Board, with guidance from the Remuneration and Nomination Committee (if there is one), will regularly review the performance of the Board, each Board Committee and each Director, using where necessary an external consultant, against appropriate measures. As noted in Mint's Performance Evaluation Policy, each year, Mint will disclose in its Annual Report whether such a performance evaluation has been undertaken during or in respect of that period.

20.2 Board and Director Evaluations

The Board considers the ongoing development and improvement of its own performance as a critical input to effective governance. As a result, the Board will undertake an evaluation of the Board's and each Director's performance.

The review will be based on a number of goals for the Board and individual Directors that will be established. The goals are based on corporate requirements and any areas for improvement that may be identified. The Board will consider the outcome of such reviews in a dedicated meeting and develop a series of actions and goals to guide improvement. The Chair will provide each Director with confidential feedback on his or her performance. This feedback is used to develop a development plan for each Director. The Board does not endorse the reappointment of a Director who is not satisfactorily performing the role.

The Board or Remuneration and Nomination Committee will arrange for a performance evaluation of the Board, its Committees and individual Directors to be conducted on an annual basis.

20.3 Board Committee Evaluations

The Board will set a number of expectations for its Committees. These expectations are to be derived after considering the results of previous reviews if any, an assessment of Mint's current and future needs, and a review of each Committee's Charter or purpose. As a result of a review, the Board may amend or revoke a Committee's Charter.

The Board/or Remuneration and Nomination Committee will review the performance of the Committees against expectations. Based upon the review, individuals and groups will be provided with feedback on their performance. The results of the review will be a key input into the expectations set by the Board.

20.4 Senior Executive Evaluations

All senior executives at Mint will be subject to an annual performance evaluation by the Board or Remuneration and Nomination Committee. Each year, senior executives (including the Managing Director) will establish a set of performance targets. These targets are aligned to overall business goals and Mint's requirements of the position. In the case of the Managing Director, these targets are negotiated between the Managing Director and the Board and signed off by the whole Board.

An informal assessment of progress is carried out throughout the year. A full evaluation of each executive's performance against the agreed targets takes place annually. This will normally occur in conjunction with goal setting for the coming year. Since Mint is committed to continuous improvement and the development of its people, the results of the evaluation form the basis of the executive's development plan. Performance pay components of each executive's packages are dependent on the outcome of the evaluation.

21 Executive and Board Remuneration

21.1 Composition

Remuneration packages for Executive Directors and other senior executives include an appropriate balance of fixed remuneration and performance-based remuneration.

21.2 Fixed remuneration

Fixed remuneration is reasonable and fair, taking into account Mint's obligations at law and labour market conditions, and is relative to the scale of Mint's business. It reflects core performance requirements and expectations.

21.3 Performance-based remuneration

Performance-based remuneration should be linked to clearly specified performance targets. These targets should be aligned to Mint's short, medium and long-term performance objectives and should be appropriate to its circumstances, goals and risk appetite. This target should also be consistent with Mint's Statement of Values. Discretion will be retained where appropriate to prevent performance-based remuneration rewarding conduct that is contrary to Mint's value or risk appetite.

21.4 Equity-based remuneration

Mint strives to have a well-designed equity-based remuneration, including options or performance rights, which can be an effective form of remuneration, especially when linked to hurdles that are aligned to Mint's longer-term performance objectives. Mint takes care in the design of equity-based remuneration schemes to ensure that they do not lead to "short-termism" on the part of senior executives or the taking of undue risks.

21.5 Termination and other benefits

Termination payments, if any, for senior executives are agreed in advance and the agreement clearly addresses what will happen in the case of early termination. There is no payment for removal for misconduct.

22 Non-Executive Director Remuneration

22.1 Composition

Non-Executive Directors are remunerated by way of cash fees, superannuation contributions and non-cash benefits in lieu of fees (such as salary sacrifice into superannuation or equity).

22.2 Fixed remuneration

Levels of fixed remuneration for Non-Executive Directors reflect the time commitment and responsibilities of the role.

Non-Executive Directors are paid their fees out of the maximum aggregate amount approved by shareholders for the remuneration of Non-Executive Directors. The sum each Non-Executive Director is paid is determined by the Board from time to time. Additional fees can be paid for participation on Board Committees; however, the total fees paid to Non-Executive Directors, including fees paid for participation on Board Committees, are kept within the total amount approved by shareholders.

22.3 Performance-based bonus

Non-Executive Directors do not receive performance-based remuneration as it may lead to bias in their decision-making and compromise their objectivity, except where the Board has determined it is reasonable for the Non-Executive Directors to receive such securities taking into account the current size, nature and scale of activities of Mint. Where Non-Executive Directors receive performance-based remuneration, they must ensure that it does not lead to bias in their decision-making and compromise their objectivity.

Mint's Non-Executive Directors do not receive performance-based bonuses.

22.4 Equity-based remuneration

It is generally acceptable for Non-Executive Directors to receive securities as part of their remuneration to align their interests with the interests of other shareholders. However, Non-Executive Directors generally should not receive options with performance hurdles attached or performance rights as part of their remuneration as it may lead to bias in their decision-making and compromise their objectivity, except where the Board has determined it is reasonable for the Non-Executive Directors to receive such securities taking into account the current size, nature and scale of activities of Mint. Where Non-Executive

Directors receive options with performance hurdles attached or performance rights as part of their remuneration, they must ensure that it does not lead to bias in their decision-making and compromise their objectivity.

Mint's Non-Executive Directors cannot choose to receive shares in Mint as part of their remuneration instead of receiving cash and may not participate in equity schemes of Mint, such as the employee securities incentive scheme, that are designed to encourage enhanced performance of the participant, unless the Board determines this is reasonable taking into account the current size, nature and scale of Mint.

22.5 Superannuation benefits

Non-Executive Directors are not entitled to retirement or termination benefits beyond statutory superannuation where legally required (e.g., in Australia with superannuation contributions or in New Zealand under an employment contract).

23 Director Development

Mint is committed to continuing development of its Directors and executives. In line with this commitment, there is an expectation that all Directors and the Managing Director will commit to at least 2 days of professional development each year. The Board allocates an annual budget of \$5,000 per Director to encourage Directors to participate in training and development programs. Any Director wishing to undertake either specific directorial training or personal development courses is expected to approach the Chair for approval of the proposed course. Development may be in both governance and governance processes or in Mint's industry.

The Board will also undertake an annual review in relation to whether there is a need for existing Directors to undertake professional development.

24 Director Induction

New Directors will undergo an induction process in which they will be given a full briefing on Mint. This will include meeting with key executives, tours of the premises, an induction package and presentations. Information conveyed to the new Director will include:

- (a) details of the roles and responsibilities of a Director with an outline of the qualities required to be a successful Director;
- (b) formal policies on Director appointment as well as conduct and contribution expectations;
- (c) details of all relevant legal requirements;
- (d) access to a copy of the Board Charter and all other Company corporate governance policies;
- (e) guidelines on how the Board processes function;
- (f) details of past, recent and likely future developments relating to the Board including anticipated regulatory changes;
- (g) key accounting matters and outlines of the responsibilities of Directors in relation Mint's financial statements;
- (h) background information on and contact information for key people in the organisation including an outline of their roles and capabilities;
- (i) an analysis of Mint including:
 - (i) core competencies of Mint;
 - (ii) an industry background briefing;
 - (iii) a recent competitor analysis;
 - (iv) details of past financial performance;
 - (v) current financial structure; and
 - (vi) any other important operating information;

- (j) a synopsis of the current strategic direction of Mint including a copy of the current strategic plan and annual budget;
- (k) access to a copy of the Constitution of Mint; and
- (l) the Director's Deed of Indemnity and Right of Access to Documents, if applicable.

Annexure A – Definition of Independence

The Board considers the interests, positions and relationships which may raise issues about the independence of a director as set out in Box 2.3 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations (4th Edition)* as follows:

1. is, or has been, employed in an executive capacity by the entity or any of its child entities and there has not been a period of at least three years between ceasing such employment and serving on the board;
2. receives performance-based remuneration (including options or performance rights) from or participates in an employee incentive scheme of the entity;
3. is, or has been within the last three years, in a material business relationship (e.g. as a supplier, professional adviser, consultant or customer) with the entity or any of its child entities, or is an officer of, or otherwise associated with, someone with such a relationship;
4. is, represents, or has been within the last three years an officer or employee of, or professional adviser to, a substantial holder;
5. has close personal ties with any person who falls within any of the categories described above; or
6. has been a director of the entity for such a period that their independence from management and substantial holders may have been compromised.

In each case, the materiality of the interest, position or relationship needs to be assessed by the board to determine whether it might interfere, or might reasonably be seen to interfere, with the director's capacity to bring an independent judgement to bear on issues before the board and to act in the best interest of the entity as a whole rather than in the interests of an individual security holder or other party.

The mere fact that a Director has served on the Board for a substantial period of time does not mean that he or she has become too close to management to be considered independent. However, as part of its assessment of independence, the Board will regularly assess the independence of any Director who has served as a director of Mint for more than 10 years to determine whether they have been a director for such a period that his or her independence has been lost.
