1/2

September was a very special month as we settled into our routines in the classroom and the children discovered so many new things to learn about.

What We Learned

Everything about Apples

A class favorite this month was our study of apples! Thank you for sending in apples with your child!

We had a wonderful variety to study!

At circle time we tasted and discussed their similarities and differences in color, texture, and taste... a great activity to enhance our gustatory sense. We decorated our class tree with, poked out apple shapes and did apple stringing. We polished apples, sliced apples, made apple juice, and even did a parts of an apple art activity. The children practiced grace and courtesy by slicing apples and serving their friends.

Thank you, Mrs. Carattini, for bringing in your juicer to make fresh apple juice at circle time! The children LOVED IT!!!!

Water Cycle

Along with the study of apples, we learned about the Water Cycle. The children loved coloring their own water cycle and learning THE BIG WORDS: evaporation, condensation and precipitation. At circle time we read books and enjoyed the virtual field trip on Water cycle.

Sound of the week

Our "sound of the week" activity is a special time of sharing in class. Thank you for helping your child prepare for this fun activity at home. Remember to focus on the sound of the letter, rather than the name of the letter itself. Your encouragement and enthusiasm translate to a confident presentation by your child.

Field Trip Gatorland

The highlight of the month was our fieldtrip to Gatorland Zoo.

The children had a blast feeding the farm animals, birds, watching and feeding live alligators and enjoyed a fun train ride. It turned out to be a beautiful get-together for the GMMS families!

International DAY of PEACE

Outside the school our children gathered, holding globes close to their hearts and singing "Light a Candle" for Peace. With their voices and smiles, they reminded us that peace begins with love, kindness and unity.

Birthdays

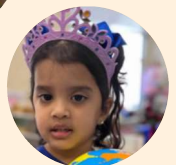

Amal Ahmed turned 4
Ethan Wei Chen turned 6
Eli Wei Chen turned 6

Nora and Nyah Basaria turned 3

Enoch Wei Chen turned 6

Cruz Munoz turned 6

Cooper Nisson turned 4
