

OCTOBER NEWSLETTER

THEME: EUROPE & PUMPKIN

Dear Families,

October was a month filled with rich learning, hands-on activities, and celebrations of both culture and community. Our theme was Europe and Pumpkins. The children explored so many exciting new experiences together!

CLASSROOM HIGHLIGHTS

LEARNING ABOUT EUROPE:

This month, we travelled (virtually!) across Europe to learn about different countries, their cultures, foods, and landmarks. Each classroom represented a country:

- Pioneers: Italy 🇮🇹
- Explorers: Spain 🇪🇸
- Adventurers: France 🇫🇷

The children engaged in meaningful activities such as worksheets, paintings, crafts, and poking work. They also enjoyed virtual field trips to different European countries, which brought our studies to life in an exciting way.

PUMPKIN FUN:

We brought the fall season into the classroom with a variety of pumpkin-themed activities:

- Pumpkin washing and decorating
- Exploring the parts of a pumpkin
- Pumpkin carving to discover the inside
- Roasting pumpkin seeds for a special gustatory experience

These activities helped the children explore with all their senses while also connecting to the season of harvest and Fall Season.

CULMINATING PRESENTATION:

We ended the month with a beautiful presentation that included all three classes. Each group represented their country with pride and the children amazed us with their creativity, enthusiasm, and hard work. We are so proud of each and every one of them! A heartfelt thank you to all the families who came to support this event. Your presence made the children feel loved and celebrated.

MOMS OF THE MONTH

Mrs. Fritts Mrs. Toroptsev
Mrs. Beckwith Mrs. Barth

We would also like to give a very special thank you to all the Moms of the Month who helped us throughout October — from preparing for the presentations, creating backdrops and decorations, to assisting with crafts. They helped with the flags that represented each country, the headbands and brought delicious treats from each country. The children really enjoyed this gustatory activity. Your dedication and creativity made this month extra special, and we truly appreciate your support.

BIRTHDAYS

Pioneers Class

- Aria 5
- Evelina 6
