March 2026

Dear Families,

March was a wonderful and busy month in our classroom! Our **theme of the month** was **Birds**, and the children were very excited to learn many interesting facts about them. We explored how birds have hollow bones, learned about the life cycle of a bird, and identified the different parts of a bird. We also discovered different types of birds such as the robin, cardinal, blue jay, and flamingo.

The children enjoyed many hands-on art activities connected to our theme. We practiced poking, painting, cutting, and gluing, which helped strengthen fine motor skills. We also created beautiful spring-related arts and crafts, celebrating the change of season and the beauty of nature.

## Spring Picnic

Our Spring Picnic was a great success! We truly enjoyed the beautiful weather at the park and the opportunity to spend time together as a community. **Thank you** all for bringing pizza, delicious platters of diverse foods, and wonderful desserts - **everything was amazing!**

## Mother's of the Month

A very **special thank you** to our **Moms of the Month** - Mrs. Baker, Mrs. Jones, and Mrs. Araujo - for their help with planning, decorations, and making our Spring Picnic such a memorable event. We truly appreciate your support and dedication.

## Birthday

Explorers:  
Maanya Khanna turned 3 years old.

## Upcoming Important Dates

### Art Show:

Wednesday, April 8th — Pioneers  
Thursday, April 9th — Adventures  
Friday, April 10th — Explorers
