THE FEELING OF A BETTER FOAM

Foam is at the heart of every running shoe. At Saucony, our foams feel and perform better. Our pioneering engineers continually develop new cushioning compounds and fine-tune them to match the specific performance needs of each shoe, ensuring a best-in-class experience with plush landings and springy take-offs.

Your run deserves the best. Whether you are toeing the line on race day, logging daily miles, exploring new trails, or simply staying active, the right foam can make all the difference. Saucony's advanced foams are designed to enhance comfort and performance by providing premium cushioning, high energy return and long-lasting durability.

Comfort, cushion and performance for every pace and preference. Discover the feeling of a better foam.

incrediRUN
(TPEE)

WHAT IS IT?

Super-critical homogenous thermoplastic polyester elastomer (TPEE) that only Saucony is using.

The faster you run, the more energy efficient it is.

KEY PROPERTIES

Industry leader in energy efficiency, lightest in class, soft and durable

P'WRUN[®]
(SCF PEBA)

WHAT IS IT?

Super-critical homogenous molded PEBA (poly ether block amide).

KEY PROPERTIES

Lightweight and soft with super high rebound

P'WRUN[®]
(EPEBA)

WHAT IS IT?

Super-critically foamed beaded ePEBA (expanded poly ether block amide).

KEY PROPERTIES

Super soft, lightweight, outstanding energy efficiency and resiliency

P'WRUN+
(ETPU)

WHAT IS IT?

Expanded thermoplastic polyurethane bead foam.

KEY PROPERTIES

Light, superior rebound

P'WRUN
(EVA + THERMO PLASTICS)

WHAT IS IT?

Injected Ethylene Vinyl Acetate blend with elastomers for energy return and thermo plastics that make it resilient to temperature change.

KEY PROPERTIES

Light, best in class EVA

VERSARUN
(EVA)

WHAT IS IT?

Injected EVA blend - Elastomers are blended into our EVA to increase energy return.

KEY PROPERTIES

Soft, versatile, durable

WHY YOU'LL LOVE IT:

- Featuring SpeedRoll Technology powered by our all-new incrediRUN foam. Unlike any foam that's come before it, with unseen levels of energy return and cushioning, incrediRUN provides a level of performance that has to be felt to be believed
- Full length Carbon Fiber Plate slotted for better midfoot flexibility with our forwardmost tread point making it our most aggressive race day offering
- Thin and grippy PWRTRAC Rubber outsole for confidence on any surface
- Lightweight, streamlined upper design for enhanced breathability over long distances and with a seamless molded heel for a secure and comfortable race-day fit

STYLE UPDATE

ENDORPHIN PRO 5

The all new Endorphin Pro 5 is a premium, carbon-plated super foam race day shoe that helps you smash your personal best with ease. Featuring a PWRRUN PB base, Super Critical PWRRUN HG top layer, and a new aggressive Carbon fiber plate, it makes running faster, and more fun giving you the competitive edge.

BLACK/SHOCK

FEATURES & BENEFITS:

- **PROVEN FOAM:** Super critical PWRRUN HG works with PWRRUN PB to provide a dynamic platform for lightweight, responsive performance.
- **UPGRADED CARBON PLATE:** Experience enhanced SpeedRoll with a faster, smoother ride with a new slotted plate design.
- **TRACTION AND DURABILITY:** Now using our PWRTRAC rubber outsole, this carbon plated super shoe is enhanced with better grip and surface abrasion, withstanding the miles with you as you chase PR's.

WHY YOU'LL LOVE IT:

- A top layer of our lightest, most efficient and most responsive **incrediRUN** foam combined with a structured bottom layer of our highly durable PWRRUN results in unmatched efficiency but in a stable and durable platform that is more forgiving
- SPEEDROLL technology tuned for training with an everyday specific $\frac{3}{4}$ length carbon fiber plate slotted in the back to enhance toe off but allow for smoother landings
- Durable XT-900 carbon rubber strategically placed in high abrasion areas to give the traction and durability of a daily trainer without compromising the efficiency of a highly responsive super shoe
- Secure and structured engineered mesh upper with a more traditional foam package to provide exceptional comfort over long distances

NEW STYLE

ENDORPHIN AZURA MEN'S

With its bold design aesthetic, the Endorphin Azura introduces a non-plated super foam experience to our Fast & Light category. Designed as a high-performance daily trainer, the Endorphin Azura offers the perfect combination of a soft, bouncy ride for your daily miles, while delivering a responsive snap from the full PWRRUN PB midsole and SpeedRoll technology for when you pick up the pace.

SILVER/BLACK

WHY YOU'LL LOVE IT:

- **SUPER FOAM:** Relish the soft cushion of PWRRUN PB while you put in daily miles, and feel the power of the foam when it's time to pick up the pace
- **DURABILITY & TRACTION:** The XT-900 rubber outsole is engineered to withstand the miles with you, placed where you need it to get the most out of your runs.
- **SPEEDROLL:** A hallmark of the Endorphin series, SPEEDROLL is designed to enhance your transitions, creating a smooth, faster and more efficient ride.

STYLE UPDATE

GUIDE 19 MEN'S

Experience unparalleled comfort and protection with the new Guide 19. Engineered for maximum cushioning and protection, the Guide 19 ensures everyday comfort with a softer blend of PWRRUN, enhanced forefoot flexibility, and added durability. Feel confident in every step you take.

FOSSIL/NAVY

FEATURES & BENEFITS:

- **BETTER FOAM:** Enjoy enhanced comfort with every step, thanks to the softer, more responsive PWRRUN foam.
- **CENTERPATH TECHNOLOGY:** Experience the exclusive Center Path Technology, featuring a broad-based platform with higher sidewalls that hug your foot and guide you through each step with comfort and protection.
- **ADAPTABLE UPPER:** The new engineered mesh upper offers optimal breathability and stretch for a perfect everyday fit, with added collar comfort for a secure feel.

TECHNOLOGY GLOSSARY

CUSHIONING

incrediRUN

Premium, high performance super-critical co-polymer engineered for maximum efficiency in a light, soft form.

PWRRUN

Plush and durable cushioning that puts comfort above all else.

PWRRUN+

Formulated for the softest underfoot feel, this foam gives you an unbelievably plush and springy ride that's light as air.

PWRRUN HG

The more energy you give, the more energy you get. Soft and lightweight cushioning that won't quit on race day.

PWRRUN PB

Exceptionally bouncy and soft, this beaded superfoam delivers high-performance energy return and durability in an incredibly lightweight package.

VERSARUN

Durable EVA-based cushioning that feels responsive and performs across all kinds of activities.

OUTSOLE

iBR+

A light and cushioned blown rubber that is both durable and soft.

PWRTRAC

Premium performance outsole rubber designed for exceptional traction and grip with durability.

ROCKGUARD

Flexible and durable protective layer between the outsole and midsole that helps protect from roots and rocks.

XT-900

Premium carbon rubber outsole material that offers exceptional traction and durability.

XT-600

Carbon rubber outsole material that offers long-lasting durability and traction.

Vibram MEGAGRIP

Vibram Megagrip is the high-performance rubber compound that offers unparalleled grip properties on both dry and wet terrains. Extremely durable, it is the perfect solution to face long distances, new adventures and your favorite outdoor activities. It gives you confidence and control, while maintaining an optimal balance between stability and flexibility for ground adaptation.

MIDSOLE

CENTER PATH

Midsole Geometry that combines a broad base with higher sidewalls and a standard centerline to deliver max comfort & protection.

FORMFIT

360-approach to fit that ensures a secure, customized feel from top to bottom. Combines an underfoot cradle construction with soft cushioning, higher side walls and flexible upper materials that mold to shape of your foot.

PWRRUN FRAME

Works in tandem with a high-cushion core to support and power the stride.

SPEEDROLL

A blend of max cushioning and speed geometry that fuels you with a non-stop momentum, so you can run faster, not harder.

PLATE

CARBON PLATE

Lightweight plate made of carbon-fiber that will give you the perfect amount of pop to bust through that PB.

NYLON PLATE

Made for training, this plate is a bit more durable and versatile while still storing energy to help you run effortlessly.
