

Subject: Request for Leadership Development Reimbursement – BestHuman Power Lab

Hi [Manager/HR Name],

I recently applied and was accepted into the **BestHuman Power Lab**, a year-long leadership development program led by BestHuman, an organization known for supporting leaders at companies like Redbrick, Starfish Medical, and Metalab.

This cohort-based experience is designed for high-performing individual contributors and team leads who want to build leadership skills like managing up, communication, decision-making, and influence — in just one hour a month.

The cost of the program is **\$360/year**, and I'd love to request professional development support or reimbursement to participate.

I believe this will help me contribute even more effectively to our team and grow in my role. Happy to send over more details or talk through it further!

Thanks for considering,
[Your Name]
