

Cyclops Group

Our Services

A Message From Our Group Sales Director

What's it like working with Cyclops?

“From the moment you join us, you're treated like part of the family. There's a strong sense of support, collaboration, and shared purpose throughout the company and everyone wants to go the extra mile.

That same approach extends to how we work with our customers, building genuine relationships, always focusing on great service and value.

With deep experience across the team and a positive, can-do attitude, we're committed to helping our clients succeed and making every partnership count.

But don't just take our word for it - get in touch with Cyclops and feel the difference for yourself.”

- Nigel Copely, Group Sales Director

About Cyclops Group

Cyclops Group is a leading provider of supply chain management solutions specifically in the electronics industry. For over 30 years, we have been helping partnered businesses to streamline their procurement and logistic operations.

With around 100 staff worldwide, we are the perfect company size to get the best of both worlds: We are an enterprise big enough to negotiate competitive and favourable pricing, while staying small enough than we can offer personal service and bespoke support to our customers.

By enhancing our presence in strategic locations around the world, we offer our customers the benefits that come with a global approach to the sourcing and transportation of their electronic inventories.

Solutions**

**Outsourced
Electronic
Assembly**

Sourcing & Procurement

Cyclops Group have more than 30 years of experience in sourcing obsolete, hard-to-find and everyday electronic components. We can offer full BoM analysis and procurement services, minimising customer leg-work.

Our customers have a personal account manager who understand their needs and offer bespoke support, backed by our trusted global supplier network and international distribution hubs.

We offer scheduled ordering, meaning customers only pay for the stock they use.

Cyclops Group also offer authorised distribution for numerous manufacturers.

Kitting & Vendor Management

Cyclops offer an in-house electronics kitting service to support efficiency in your production line.

Taking away the onerous day to day tasks, we offer supplier consolidation so you can focus on more value-add activities.

Cyclops also offers vendor managed inventory, including consolidation of admin and invoicing, along with forecasting, reporting and stock audits.

Using global warehouse locations, our team can offer JIT and hybrid services to support efficiency in your production.

Excess Inventory Solutions

Keep control of inventory levels and clear your warehouse space of obsolete and unnecessary components, all while optimising your returns.

We offer flexible consignment options or instant cash purchase, allowing customers to free-up cash tied in stock.

Cyclops Group buy \$1m+ worth of excess stock per annum.

Outsourced Electronics Assembly

Cyclops Group offer production ready assemblies to support efficient manufacturing processes.

Box-build assembly ensures high quality and fewer suppliers are involved in the manufacturing process.

We offer flexible and scalable production to suit your needs.

Save money on warehouse space and stock holding by only paying for the stock you use.

Why Choose Cyclops? Our Benefits

Personal service on a global scale

We have global staff, distribution hubs, and logistics support, while having a team that's small enough to provide personal service, giving you confidence and security.

Flexible and scalable to your needs

Bespoke service and flexible arrangements mean that if supply and demand change, our offering can change with it, with zero commitment from you required.

Maximise your money

Cyclops Group always puts its customers first. We offer many different payment methods and terms, meaning we can ensure your cash is there when you need it most.

Safeguarding you against risk

We take quality seriously. We have stringent quality policies in place and a guarantee to ensure our customers always receive the best from us.
