We are at the park to go on the Run. You will see other activities in the park too. You can choose to go and enjoy these activities and delicious food and beverages from our vendors.

Grainne from Little Fitness will help us get our bodies ready to run. Sophie will stretch and jump. We can copy Grainne.

Rory O'Connor (Rory's Stories) will welcome everyone as Run4Autism 2026 Ambassador

When it is time to start our run, Michael will tell us it is time to start. This is Michael.

Lots of people will walk and run in the park together. You can choose to run or walk.

When you see the 'running clock', the AsIAm run has finished. Can you see the clock in this picture?

A lot of people might feel excited to be at the park. It might be noisy. You can take breaks. You might want to sit on a bench or under the tree.

You can also go to the Sensory Space. You can leave the AsIAm Sensory Space when you want to.

Lots of people will wear ear defenders or headphones. This helps them when it is noisy.

The AsIAm Team can help you. You can ask for help. People in the AsIAm Team are wearing yellow high vis and lanyards.
