FOOD & NUTRITION AND TEXTILES

Five questions for your senior leader line manager to ask you about food & nutrition and textiles

- 1.What are the key disciplinary and substantive elements of your subject?
 - 2.How do you balance practical skill development with theoretical understanding?
 - 3.How do you ensure students understand nutrition and sustainability as part of your curriculum?
 - 4.How do you assess success in your subject beyond practical outcomes?
 - 5.How do you support all students to achieve independence in practical work?
-

Three documents for your senior leader line manager to read about food & nutrition and textiles
