

# Youth, Choice, and the Power to Shape the Future

Booklet by Kit Marie Rackley

## Listen

- [A Coffee & Geography episode exploring the UK Schools Sustainability Network \(UKSSN\)](#) - students discuss their involvement in school-based environmental initiatives.

## Read

- [Sustainability and climate change strategy](#) - Outlines how schools in England are expected to develop Climate Action Plans, showing how responses to environmental change are organised at an institutional level.
- [The National Education Nature Park](#) - supports schools to observe, record, and map biodiversity in their outdoor spaces as part of a wider national project.
- ['We have a dream'](#) by Dr Mya-Rose Craig. A collection of short stories about young people around the world responding to environmental change in different ways, showing how care for place shapes everyday experiences.

## Watch

[A Coffee & Geography episode exploring a school-based GIS citizen science project investigating local tree quality in the Craigavon area](#). Pupils collected and mapped environmental data, linking their findings to local decision making and place-based understanding (from 21:00)

Have ideas?

Have you found other interesting material that brings this unit to life? That you enjoyed and you think others might too?

Please write to us and share. We would love to hear from you!
