

DYNAMIC DUO

SAVOY
NICHOLS

HAYDEN
DIXON

CREEKSIDE HAS SOME MAJOR EXPECTATIONS HEADING INTO THE 2026 SEASON.

What's better than going 15-0 for an undefeated season? Doing it twice! That incredible feat is what the Creekside Seminoles have their sites set on heading into the 2026 season. That 15-0 record earned them the top rank in Georgia 4A football, the number 5 rank in Georgia, and a top 20 ranking nationally. In order to sustain that level of success Creekside is going to have to lean on their veteran playmakers to step up, and a lot of that pressure will fall on QB Savoy Nichols and CB Hayden Dixon.

The thing that's extra interesting about this duo is the increase of opportunity heading into the 2026 season. Nichols is a transfer from University High School in Waco, Texas. An extremely far trip for a QB betting on himself, heading into his last season. Nichols is no stranger to the spotlight, having committed to FCS Tarleton State in June, but there will be a major jump in expectations and eyes as he transfers from a top 400 ranked team in Texas to a top 20 ranked team nationally.

The 6’6” 205 pound senior is looking to show off his enticing intangibles in the southeast region, not only equipped with a long frame but with a great arm and excellent athleticism. Nichols makes his presence known on the ground and through the air with big time throws and big time scrambles/designed runs. These intangibles helped him achieve a 61% completion percentage on 331 throws for 3,054 passing yards, 31 passing TDs, and 9 interceptions in 12 games, as well as 401 yards and 4 TDs on the ground. Creekside will be looking for a repeat of that if they want another chance at an undefeated season.

It will be a big season of new opportunities for Dixon as well. The 5’11” 175 pound senior CB was mainly a slot player with some safety versatility in his junior season, but only in limited reps due to a very crowded secondary. This resulted in a season of 11 tackles with no ball production but Dixon is no slouch on the field. The explosive athleticism, flashes in coverage, and aggressiveness downhill to make plays near the line of scrimmage could not be ignored. So much so that Dixon has earned multiple FCS offers and an offer from Old Dominion, putting himself on the map and earning a lot more attention in this upcoming season with a presumably increased role.

New seasons breed new expectations for every upper classman, and although these two have had very different paths leading them to start for Creekside, the pressure to perform not only for their school but for potential power four and group of 6 eyes is going to be a massive deal for these young athletes.
