POOL SHELL CONSTRUCTION

EXCELLENCE
IN COMPOSITE
MANUFACTURE

POLYCORE GEL COAT

Contains high UV and fade resistant properties against the harshest conditions.

FIBREGLASS AND EPOXY VINYL ESTER RESIN LAYER

Acts as the waterproofing membrane, protects against corrosion and most types of chemical agents.

SECOND LAYER OF 'PURE' EPOXY VINYL ESTER RESIN

Providing unequaled protection

FIBREGLASS REINFORCEMENT LAMINATES

Support the pool structurally more than any other layer. Conquest Pools impose an application process that will Guarantee that all our pools exceed Australian Standards. High performance material added for extra strength.

THE CONQUEST COLOURED FLOW COAT LAYER

Seals the shell, making it impervious to any moisture and protects your pool from earth elements.

- Conquest Pools ensures 'best practice' procedures for the construction of all swimming pools.
- We have the most highly trained and experienced staff available in our industry.
- Australian made & manufactured - Our facility is one of the largest and most sophisticated plant of its type in Victoria.
- We exceed Australian Standards in Fibreglassing with all layers.
- Conquest Pools laminate has proved superior during tests on all levels that matter for fibreglass pools: Tensile strength, stiffness and flexural strength.
- All Conquest Pools carry a 25 year structural warranty backed by the manufacturer.
- When you buy a Conquest Pool you can be confident and proud of your purchase knowing it is the best fibreglass swimming pool that money can buy.
- We offer an extensive range of styles and sizes to suit your needs.
- All Conquest Pools are manufactured with inbuilt safety features.
- Manufacturing in fibreglass since 1970.
- Family owned and operated, a brand you can trust.
- Tour our manufacturing plant and see the magic firsthand.
