

PUBLIC NOTICE: Adams County Elections staff will be conducting the pre-election public Logic and Accuracy (L&A) test on Tuesday, April 28th at 3:00p.m. ahead of the May 19th, 2026 Primary Election. The L&A test runs a set of test ballots with votes that are predetermined, and partially hand counted to confirm that the ballots are being properly read and tabulated on the election software.

After the successful completion of the L&A test, the ballot tabulators and software will be secured until Election Day on May 19th. The public and media are invited to observe the L&A test to confirm that the system is working properly prior to Election Day.

If you would like to attend the L&A test, please RSVP by emailing tschuyler@co.adams.id.us. We ask no video or photography during the testing and that you write any questions down that you may have before and during the test and ask them at the conclusion of the testing. Interrupting the Election Staff during testing is distracting and may cause delays in testing.

If you have any questions or would like more clarification on the public Logic and Accuracy test, please contact us at (208) 253-4133.
