1. Profile registration.....	3
2. Hypercare tasks .....	4
2.1 Sale report.....	5
3. Final Report Submission .....	6
4. Task Frequency .....	7

# 1. Profile registration

To start using the app:

1. Download Sales Drive mobile application on your device:  
[App Store \(iOS\)](#)  
[Google Play \(Android\)](#)  
[App Gallery \(Huawei\)](#)
2. Enter the app code: **GorenjeExpertPoland**
3. Create your profile by completing the registration process showcased below.

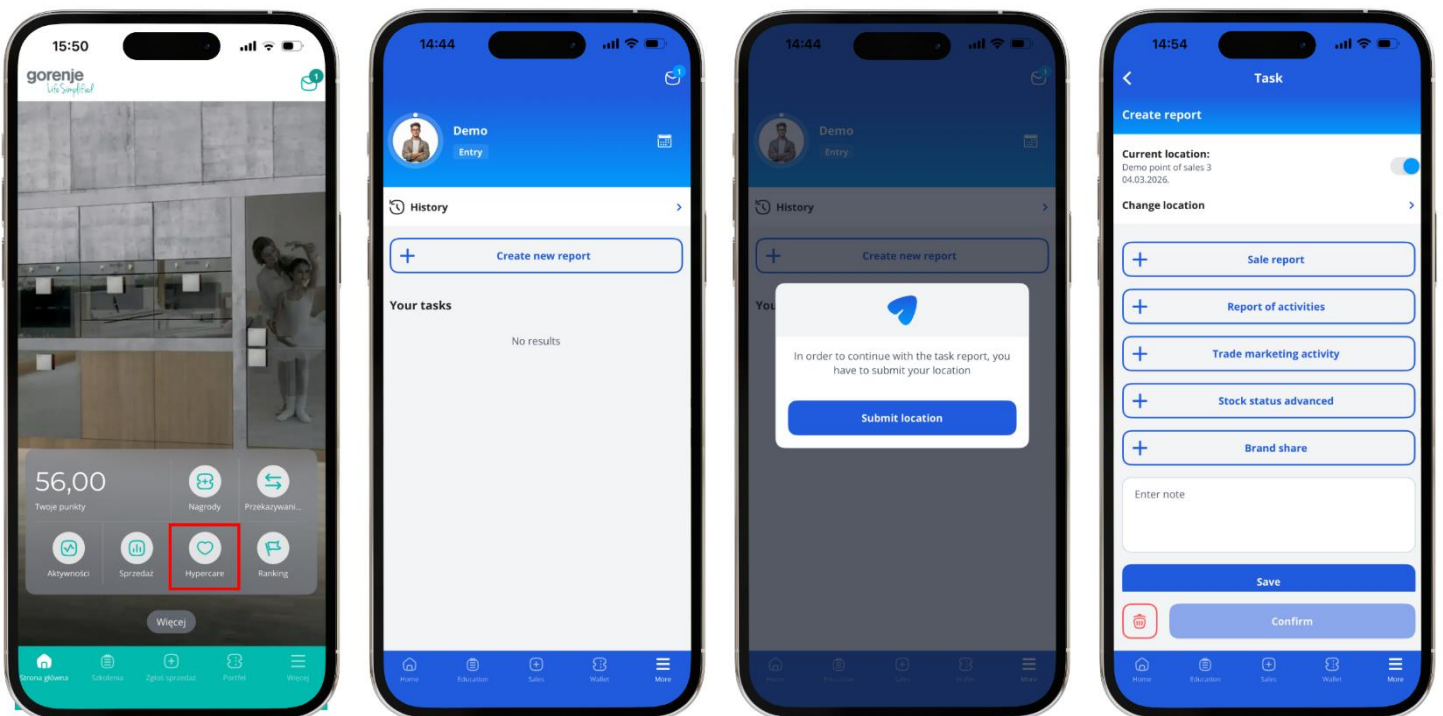

## 2. Hypercare tasks

To start reporting store activities, open the **Hypercare** section on the home screen.

1. Tap **Create new report**.
2. Select the **store location** where you are currently working.
3. After selecting the location, you will see the **list of available tasks**.
4. Choose the task you want to complete and follow the instructions.

All tasks are completed and submitted within one report.

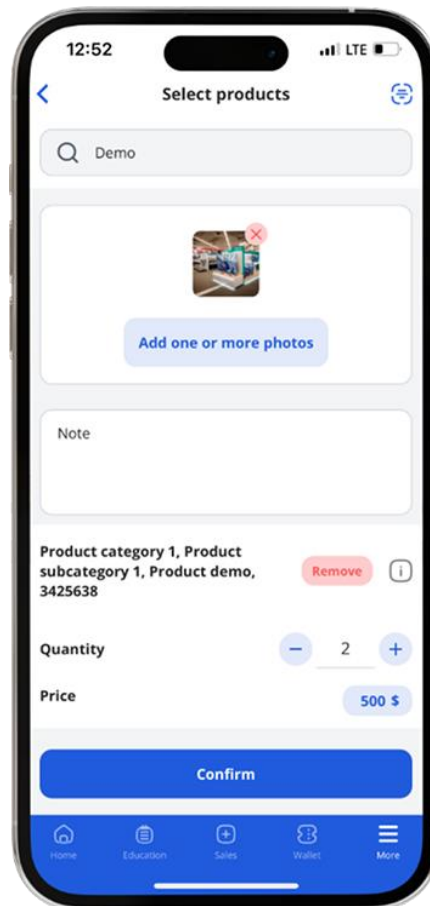

## 2.1 Sale report

The **Sale Report** task allows you to record product sales in the store.

### To complete the Sale Report:

1. Select the **sold products** from the available list.
2. Enter the **quantity sold** and the **retail price** for each product.
3. Optional: upload a photo (e.g. proof of sale)
4. Tap **Submit** to complete the report.

## 3. Final Report Submission

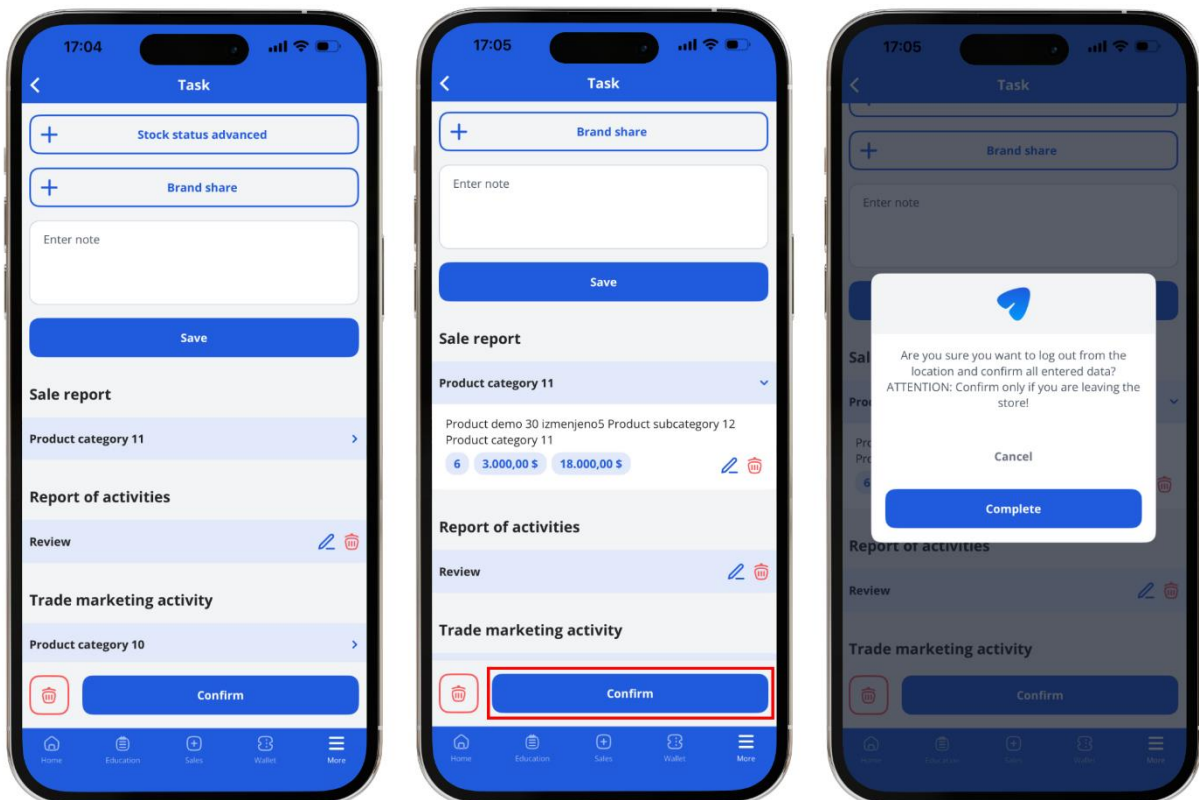

Once all tasks are completed, review the report before submitting.

You can:

- **Review** completed tasks
- **Edit** or update information if needed
- **Remove** tasks if something was added by mistake

When everything is ready, tap **Confirm** to submit the final report.

After submission, the report will be officially sent and recorded in the system.

## 4. Task Frequency

Task	Frequency
