A better spreadsheet,  
for better business tools.

The democratization of computing has solved only basic tasks.  
End-users want more empowering solutions.

Born out of accounting, spreadsheets have grown into many tasks.  
There's no end in sight to what they can do.

The logo for VisiCalc, featuring the word "VISICALC" in a stylized blue font with a trademark symbol.

Spreadsheets have a massive user base and are by far the #1 language.

Monetization (2018): 135M+ paid Office 365 accounts, \$26b Office revenue (\$24b commercial), 5m+ business with paid GSuite (>\$3b).

Sources: Microsoft, Slash Data.

Our vision is to evolve spreadsheets to serve 1b tool creators.

Build the easiest DIY platform for business  
that mashes the power of spreadsheets  
with Integrations to the best online data & APIs  
and 1-click Sharing as slick web-apps.

We're a true Spreadsheet, offering classic functions (SUMIF) and new ones!
