

Medicare 101

Simplifying Your Path to the Right Coverage

The Center for Better Aging is gathering a team of trusted Medicare advisors and payers, experts in their field to provide FREE personalized Medicare evaluations and guidance during the Medicare Annual Enrollment Period.

Break Down the Basics

The Medicare 101 sessions are designed to help you gain confidence in your healthcare choices and get the most out of your coverage. We will break down the basics, walk you through the enrollment process, help you choose the best plan for your needs, and assist you in switching insurance plans or changing your primary care physician.

We will host Q&A sessions to address common Medicare scams, billing questions, and the services we offer at our clinic, where you can enjoy food, raffles, and giveaways while you learn.

Can't make a Medicare 101 session? No problem! Our Insurance Specialist is available in Room 312, Monday–Saturday, to answer questions, review plans, and help you navigate your Medicare options.
