Hey Clara! Thanks so much for coming in and auditioning. It was really great to hear your story, how worship has impacted your life, and how the Lord has gifted you. We would love to give you some feedback, encouragement, and next steps.

We thought your pitch and timing on the song you led was good and also could tell you were very prepared! A few things to continue working on is being confident and sure of your harmony choices. There were a few moments where it took you a second to lock back onto the part, but overall great job! Here are some next steps.

I know you mentioned not being available most Sundays, but an immediate place you could jump in woud be Wake, our Junior High Ministry that meets from 9-10:30 on Sunday mornings. Rehearsal is at 8 and you would be done by 10 since we have no closing song. Its been great to have High School students there for the other students to see as an example. Also, we would LOVE for you to come to team nights to learn from our staff and to have some community/fellowship with other Female Worship Leaders. The next one is on January 18th. As far as Shoreline goes, there isn't a lot of need right now, but would still love for you to come observe Rehearsal next month, hangout in the green room to get to know the team, and then have you sing Background Vocals in February or March with the other 2 girls who are leading with Josh. Let us know what you think about all of those options! Looking forward to hearing from you!

Hey [redacted]

We are so sorry for the delay in getting back to you. Thank you for your consistent follow up! We love that you are actively pursuing membership, and we are so excited for you about your involvement at Watermark. And thank you so much for taking the time and preparation that you took in recording and sending in your video! We know that auditioning can be very vulnerable, so thank you!

After reviewing your videos, our team believes that it might be best for you to pursue serving in a different ministry other than in worship. We know that that is probably not the best news to hear, BUT we do want to encourage you and affirm your heart and passion for the Lord, which is so evident throughout your videos. Even though the worship team might not be the best fit for you to serve right now, it is evident that you have so much love and passion for Jesus and we would love to help you figure out and get plugged into serving in a role that would best fit your heart, passions and gifts! Even if that is somewhere on our production team, if you would still want to serve within and around the worship ministry, we would love to connect you to them as well. Please let us know any further questions you might have and anything at all that we could do to be helpful!! Thanks so much for sharing your audition!

Blessings!
