

Care Instructions for Printed Poly/Lycra Fabrics

For best results and longer-lasting wear:

- Hand wash in cold water, or use a gentle machine cycle with mild detergent.
- Do not soak, spin dry, dry clean, iron, or tumble dry.
- Line dry in the shade, away from direct sunlight.
- Separate light and dark colours before washing.
- Remove excess water promptly and dry without delay. Never pack or store while wet.

Extra Care Tips

- Avoid contact with rough surfaces (pool edges, dancefloors, or rough ground).
- Limit exposure to suntan lotions and harsh chemicals often found in spas, saunas, or pools.
- High-quality inks are used, but some colours require extra care.
- Garments with contrasting colours should be treated carefully to prevent colour transfer.
