

## Suffering with **bloating, stomach discomfort, bad gut health or energy dips?**

It could be the foods you're eating (even the healthy ones)

Find out with the UK's best rated food intolerance test

Rated 4.9 / 5 based on 2,000 reviews

AS SEEN IN

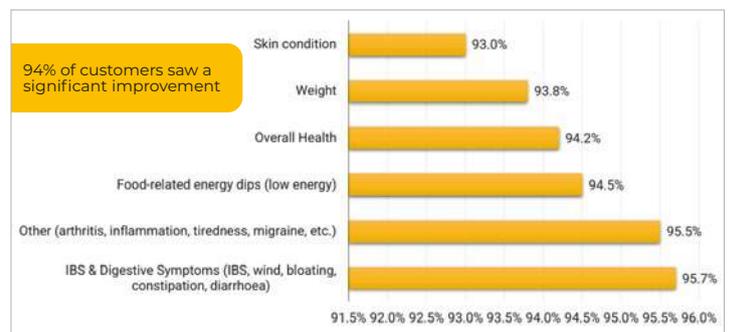

45% of UK population suffer with **food sensitivity symptoms**

### Real People Seeing Real Results

Late last year we did a real world study with 1,568 amazing customers all struggling with symptoms too. The results were analysed by Dr. Nigel Abraham PhD, FIBMS, FRSM, Dr Matthew Reaney and Nigel Marriott and they were quite incredible with **94% of customers seeing following results for 6 weeks and followed lifestyle advice given by our nutritionists.**

The graph is a breakdown of each symptom and what percentage of customers saw an improvement.

Our test is trusted and used by premier league footballers, Olympian & boxers

### Rio Feeney

My symptoms have got better already after a week by removing certain foods out of my diet! Highly recommend.

### Callum Adkins

I have suffered from IBS for many years and this test has now given me some answers I've been looking for.

### S Martin.

My results arrived back within 7 days, were easy to read. I Have ordered my husbands blood test and a friends.

### Kate B.

Easy process, clear instructions and advice available, great communication throughout.

### Nene A.

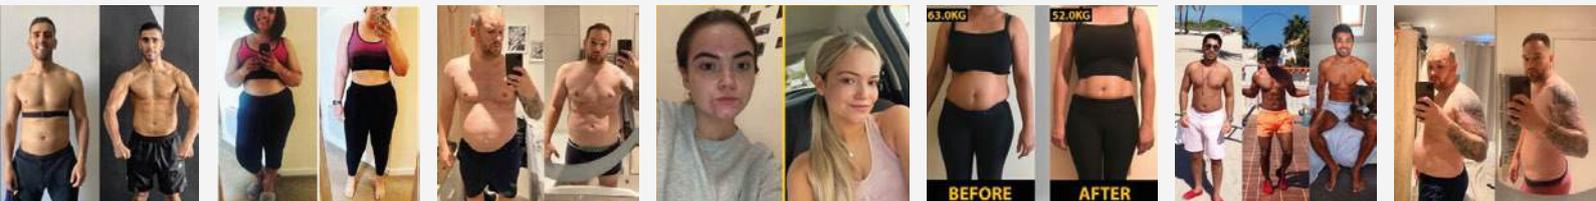

Supply life has completely changed my life! Couldn't recommend the service enough!

### Dr Shen Khemka

Supply life has helped with bloating, it helped with weight loss. It's helped with me generally feeling better and having a lot more energy.
