Howitec

Sustainable solutions

Howitec is your partner - and at the same time market leader - for sustainable netting solutions.

Knowledge and experience

We combine more than 30 years of experience with partnerships and knowledge sharing.

Innovative

We are connected to current events and science and continuously develop our products.

Quality

Our high-quality netting solutions undergo several quality checks in our own test lab.

Custom-made

In addition to standard rolls, we manufacture custom-made products in our own workshop.

Service

We stand for high-quality service in communication, advice, deliveries and after sales.

We deliver internationally

From our location in the Netherlands and through our partners in different countries.

Howitec
