

SABUROMARU VII THE CHARIOT CASK STRENGTH

◆ Product Description

"A solitary soul charges through the wilderness. The ground tremors of wheels scorching the air."

In 2021, Saburomaru Distillery ventured into uncharted territory. They brewed a super-heavily peated Highland malt with a phenol level of 80 ppm, the highest in Saburomaru's history. The intense smoke, reminiscent of dry earth, scorches the air, and its aftertaste resonates powerfully like the rumbling of wheels. It symbolizes the will to face adversity and the independence to move forward without relying on anyone. The path that Saburomaru forges is always one of challenge and relentless progress.
Saburomaru Distillery, Takahiko Inagaki
Limited release 1,800 bottles produced

Distilled in 2020/2021, Bottled in 2025

◆ Product Overview

Ingredients	Malt (Heavily Highland Peated 80 PPM)
Ferment	Ale yeast, Whisky yeast
Alc. Cont.	59% abv
Bottle size	700ml
Pack size	6-pack
UPC	TBD
Bottle size (W*D*H, Weight)	78*78*275、1.2kg 3.1 × 3.1 × 10.8 inches, 2.65lbs
Case Size (W*D*H, Weight)	264*178*313、7.7kg 10.4 × 7.0 × 12.3 inches, 16.9lbs
Nose	A heavy peat smoke is the dominant scent at first, followed by layers of notes of candy, black sesame, earthy notes, fern, red apple, menthol, and coniferous trees.
Palate & Finish	Orange peel, earthy notes, candy, ash-laden peat, apple, and gentle umami unfold into a lingering finish of mild red pepper and ashy smoke, balancing strength with rounded texture.

Saburomaru Japanese whiskies are 100% distilled, matured, and bottled in Japan, and they comply with the Japan Spirits & Liqueurs Makers Association (JSLMA) voluntary labeling standards for Japanese whisky.
