

SUCCESS STORY

Pro Works Painting Franchises Records Up to 15x increase in bid capacity with Beam Al Takeoff Software

Manual bottlenecks removed. Estimating time redirected.

Up to 15x more bids submitted

Takeoff process standardized across all franchises

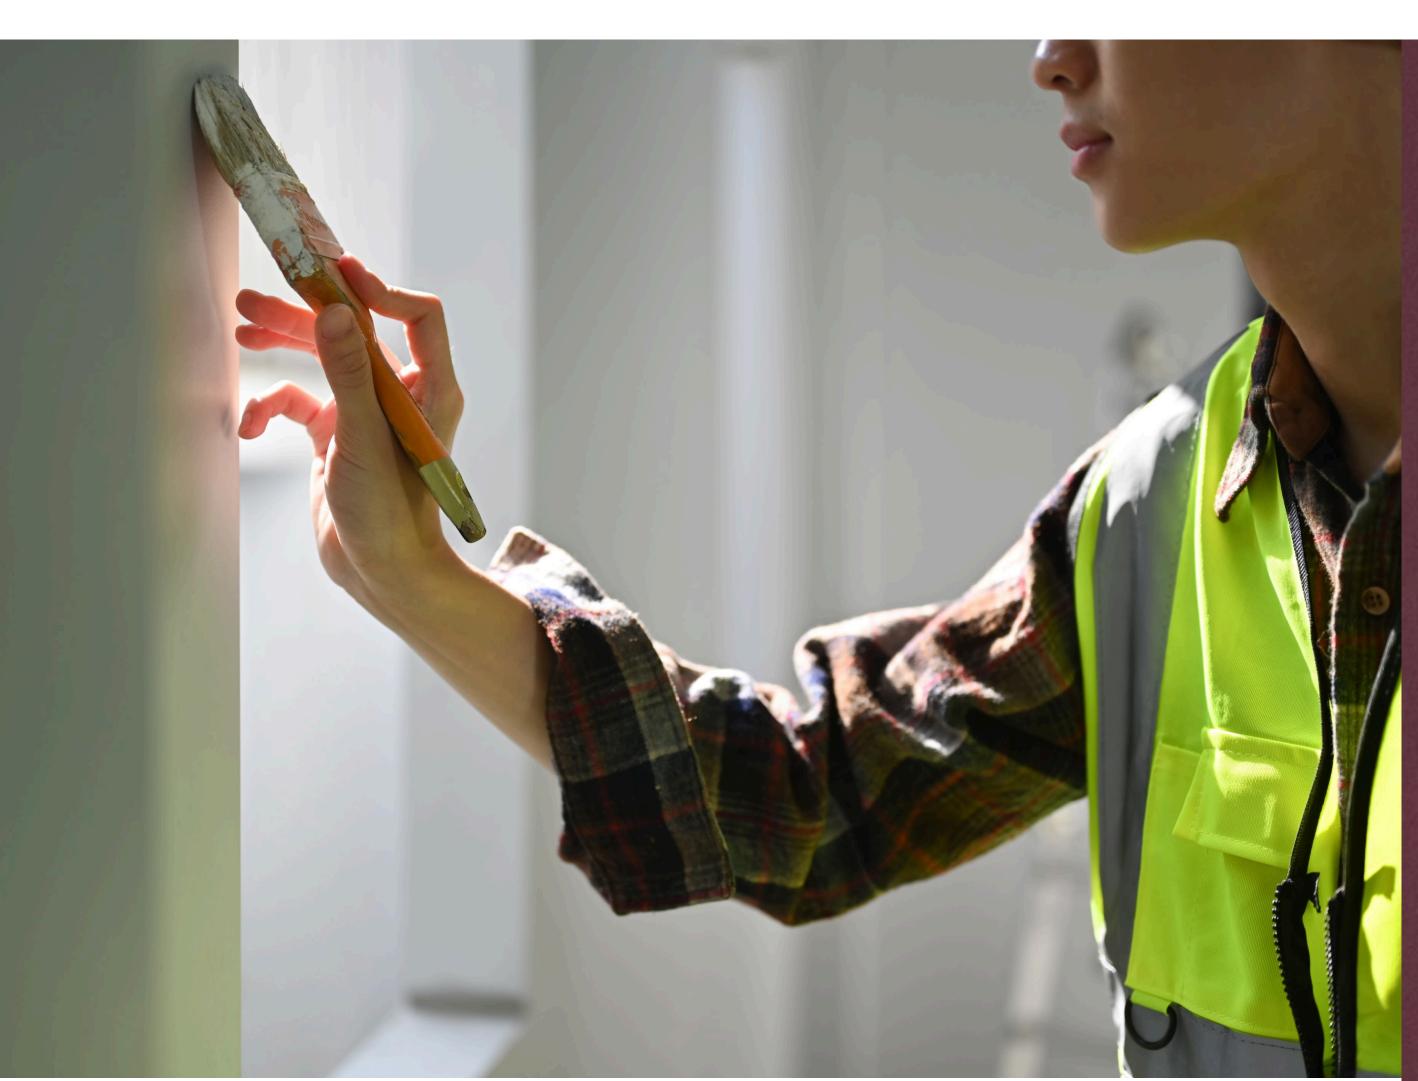

Takeoffs with Beam AI is quick; it's painless, and it just gets done. We're bidding more than ever now that we're not spending 20–30 hours per takeoff.

ABOUT

Pro Works Painting

Pro Works Painting is a franchise-based painting company serving residential and commercial clients across North America. Built on systems, quality, and local entrepreneurship, Pro Works empowers franchisees with modern tools and scalable workflows to drive business growth.

BREAKING DOWN KEY WINS Up to 15x Increase in Bid Volume

Some franchisees went from struggling to complete just 1–2 bids per month to now having the capacity to turn around 15–20

More Confident, Accurate Estimates
Franchisees now rely on clear,
professional takeoffs, reducing guesswork
and building confidence in every bid.

Time Freed for Growth

Less time spent on measurements means more time for: generating leads and marketing, supporting teams on the ground

CHALLENGES

Before implementing Beam AI, franchisees faced a sluggish bid process that held back growth:

Most bids took 20–30 hours to

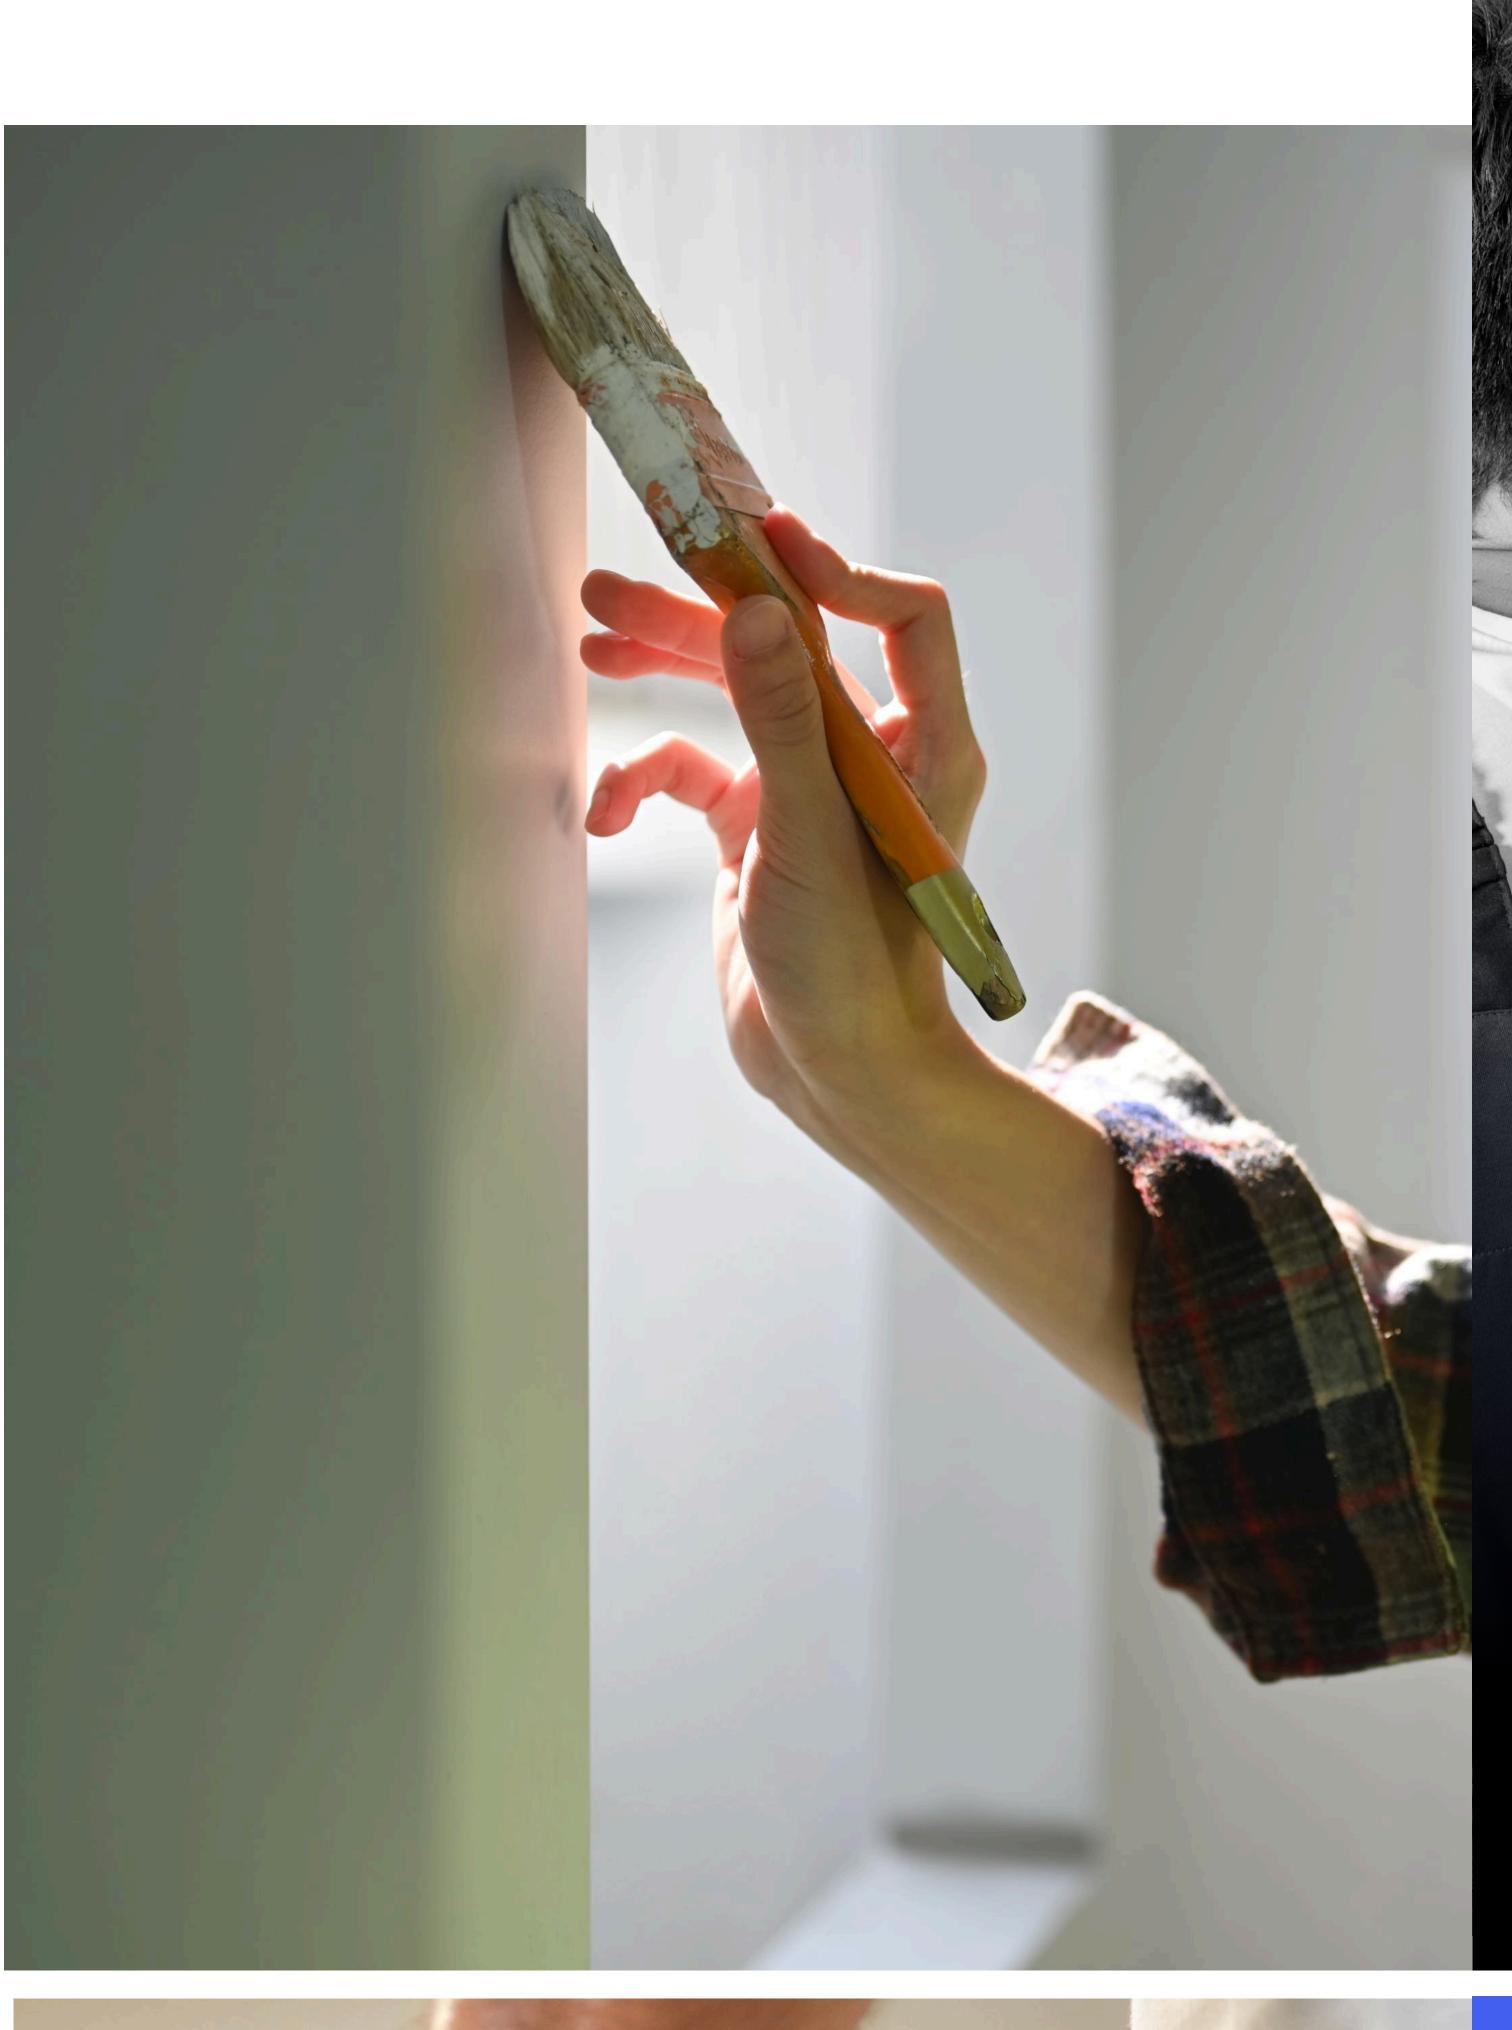

Some franchisees skipped quoting

complete, limiting output to 1–2 projects per month.

projects entirely due to time constraints.

Inconsistent processes led to errors and variation in estimating quality.

Owners were spread too thin between sales, operations, and takeoffs.

It's more or less a

at your desk too.

done-for-you system. The

returns in time savings make

the investment worth it. Just

like you pay someone to do

now pay to take off the load
