Beam AI Partner Program

Lead the future of Preconstruction with AI-Based Takeoffs

Why Partner with Beam AI

01

Offer Beam AI as a value-added solution and help create new income opportunities while delivering real, measurable ROI for your clients, with minimal lift.

02

Position yourself as a forward-thinking advisor who drives tangible business outcomes.

03

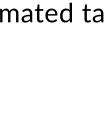

Empower contractors & suppliers to start projects sooner, unlocking earlier revenue recognition.

Our Trusted Partners

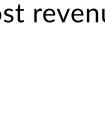

Trusted by top consultants, resellers, and technology partners across construction.

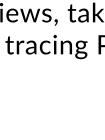

The Problem with Estimating Workflows Today

10-40+ hours per project spent on manual or semi-automated takeoffs

Limited bid capacity and missed deadlines mean lost revenue

High-impact tasks like getting better pricing, value engineering, and risk reviews, takes a back seat to tracing PDFs

What Beam AI Delivers

Fully Automated AI-Based Takeoffs That Are Ready for Estimating

Takeoffs in 24-72 hrs, fully automated and verified by a Quality Assurance team

Estimators save 90% time and regain 15-20 hours/week, and use that time to bid 2x more jobs

Supports 15+ trades across civil, structural, HVAC, sitework, concrete, utilities, finishes, and more

Maximized opportunity pipeline with **increased number of bid submissions.**

Top Contractors trust Beam AI

Reduces 80% Time on Takeoffs for higher bid volume and bigger jobs

Increased revenue by \$1M within 6 months

Let's build together
