

# ICCLA Transport Company of the Year

This award recognises organisations delivering sustainable transport solutions through improved efficiency, reduced emissions and measurable environmental impact.

**Please note your entry should be a maximum of 2,500 words.**

Summary (250 words max)	<b>In no more than 250 words, explain why your organisation deserves to win this award.</b>
Emissions and Environmental Impact	<b>Show how your organisation reduces emissions and environmental impact across its operations.</b>
Efficiency and Operations	<b>Demonstrate how your organisation improves efficiency through route planning, fleet management and operational practices.</b>
Innovation and Technology	<b>Provide evidence of technologies or approaches that improve sustainability performance.</b>
Community Impact	<b>Outline how your organisation engages with communities or contributes to wider social outcomes.</b>
Results and Outcomes	<b>Provide clear evidence of measurable results, including emissions reduction, efficiency gains or other improvements over time.</b>

## Scoring (100 Points Total)

- Emissions and Environmental Impact: 25
- Efficiency and Operations: 20
- Innovation and Technology: 15
- Community Impact: 10
- Results and Outcomes: 30

## Tips for a Successful Entry

- Answer each section clearly using the headings provided. Marks will be based on the evidence you include.
- Focus on what you did and the results it delivered.
- Include data where possible and avoid general statements.
- Only the first 2,500 words of your entry will be assessed.
- Use headings, short paragraphs and simple structure to make your application easy to follow.
- There is a 10MB limit per file for supporting documents.
- Contact the awards team if needed.
