

# ICCLA Sustainable Engineering Project of the Year

This award recognises engineering projects that demonstrate outstanding sustainability, environmental performance and technical delivery across infrastructure, environmental or built environment projects.

Please note that your document should be **no more than 2000 words in total, which includes your 250 word summary.**

You may additionally include attachments (visuals, photos, charts, etc) that you think would help your application.

Summary	In no more than 250 words, explain why this project deserves to win this award.
Sustainable Engineering and Design	Describe how sustainability, environmental performance and long-term resilience were incorporated into the engineering design and technical approach of the project.
Technical Delivery and Environmental Management	How were environmental considerations managed throughout project delivery? Include areas such as resource efficiency, water management, emissions reduction, biodiversity or environmental compliance where relevant.
Engineering Challenges and Solutions	Describe the key engineering or environmental challenges encountered during the project and how they were successfully resolved.
Innovation and Sustainable Solutions	Provide examples of innovative engineering methods, technologies or sustainable approaches introduced through the project.
Environmental Outcomes and Project Impact	Provide evidence of measurable environmental improvements, operational benefits, project performance or wider sustainability impact delivered through the project.

## Scoring (100 Points Total)

- Summary: 0
- Sustainable Engineering and Design: 25
- Technical Delivery and Environmental Management: 20
- Engineering Challenges and Solutions: 20
- Innovation and Sustainable Solutions: 15
- Environmental Outcomes and Project Impact: 20

## Tips for a Successful Entry

- Answer each section clearly using the headings provided. Marks will be based on the evidence you include.
- Focus on what you did and the results it delivered. Include data where possible.
- **Only the first 2000 words of your entry will be assessed.**
- There is a 10MB limit per file for supporting documents. Contact the awards team if needed.
