Your bridge to top-ranked U.S. universities. *Guaranteed.*

Students who meet program requirements are guaranteed admission to a Top 100 university. Our academic model—focused on GPA management, advanced coursework, test prep, and extracurricular guidance—ensures international students are fully supported. Ambitious students may also qualify for the Top 50 Track, receiving enhanced mentoring from on-campus experts to access the most competitive universities.

Get 24/7 support from unique on-campus International Department

SJB's International Department works hand-in-hand with school faculty to provide daily, comprehensive support—from academics and safety to social-emotional care and logistics. This exclusive model is uniquely designed to optimize the international student experience and outcomes, ensuring success from enrollment through graduation.

St. John's the Baptist High School

A Top Private School Committed To Supporting Students

Exclusive Partnership with New York Hospitals

We-CARE Hand-in-Hand Partnership Saint John's partners with Good Samaritan Hospital to provide Grade 10+ students with real-world experience in the medical field. Students work closely with medical professionals to learn more about the industry.

Art Program Electives

Saint John's is home to three different art studios, encouraging learning and creative expression. Students can take exciting electives such as Photography, Advanced Drawing, CGI, Graphic Design and Advanced Painting. University-level art courses are also offered for students who are looking for more in-depth advanced courses.

Video Broadcasting and TV Studio

The Video Broadcasting and TV Studio allows students to utilize state-of-the-art technologies to create, produce and manage television and radio shows. Students report school-wide announcements and operate cameras, lighting and sound at a professional level.

Genesis Research Program

Through the school's unique GENESIS Program, students have the opportunity to pursue areas of study beyond the traditional classroom learning experience, conducting their own scientific studies alongside Project Mentors in fields including biology, chemistry, psychology and more.
