AI + Innovation Program

What Is the AI Innovation Lab?

A daily space where students can tinker, explore, and collaborate on AI and technology projects — much like a makerspace, but with a focus on artificial intelligence and creative technology. Guided by supportive staff, this environment fosters curiosity, provides access to innovative tools, and encourages hands-on problem-solving.

Why an AI Innovation Lab?

AI is transforming every field — from film and medicine to business, art, and robotics. Students today are eager to gain hands-on experience with real AI systems. FEIA stands out **as the first school in the region to offer a teacher-guided AI Innovation Lab**, providing students with a unique space to explore and experiment with artificial intelligence.

Example Student Projects:

- Make an AI-powered short film (AI script, edit, soundtrack).
- Design & 3D print an invention with AI-assisted design.
- Build a robot arm with object recognition.
- Create a mobile app guided by AI prompts.
- Code a game with AI brainstorming tools.
- Automate a process using AI agents like n8n.

**Additional fees apply for these specialized programs.*

Discovery & Adventure Program

An immersive program designed to help students develop leadership, teamwork, and global awareness through outdoor learning, travel, and experiential discovery.

What is the Discovery & Adventure Program?

A hands-on program that encourages students to step outside the classroom and into the world.

- Combines academic learning with real-world experiences.
- Includes outdoor education, leadership challenges, and community engagement.
- Helps students develop resilience, teamwork, and self-confidence through exploration.

Why the Discovery & Adventure Program?

Because true education happens when students learn by doing.

- Builds independence and adaptability.
- Encourages environmental awareness and appreciation of Canada's natural landscapes.
- Strengthens collaboration, decision-making, and leadership skills.

Example Student Experiences:

- Camping and wilderness survival workshops.
- Leadership retreats and team-building activities.
- Eco-education trips across Ontario and beyond.
- Hiking, kayaking, and outdoor adventure challenges.
- Community service and cultural immersion projects.

**Additional fees apply for these specialized programs.*

University Pathway

At FEIA, academics are more than just curriculum— they're a launchpad for a purposeful life. We offer the Ontario Secondary School Diploma (OSSD), a globally recognized credential that opens doors to top universities in Canada and beyond. With small class sizes, daily academic support, and personalized pathways, students are empowered to succeed—on their terms.

FEIA's holistic approach blends academic challenge with mentorship, mental wellness, and real-world skills that prepare students for whatever comes next.

Robust ESL Program

International students at FEIA receive ESL support on a daily basis, with additional support offered in Reading, Writing, Listening and Speaking. Extra support is also available for IELTS and TOEFL preparation.

"I love it here at FEIA. All the teachers know all the students' names, so it gives you a real sense of belonging. We represent a close-knit community with so much culture and diversity. There is support both academically and for our sports teams. The classroom sizes are small, so the individualized teaching helps students reach our academic goals. There is no place I'd rather be, so you should come to FEIA."

Ishan Sharma

Basketball Player, FEIA

"FEIA opened doors for me, not just in sports but in life, shaping who I am today."

Leonard Miller

Minnesota Timberwolves - NBA

"At FEIA, I've grown to the person I've always wanted to be – supported, challenged and inspired every step of the way."
