## Strong STEAM Curriculum and New Facilities

Bishop Montgomery offers students a unique STEAM Curriculum, with 30+ courses, including Aerospace Engineering, Sports Medicine, Anatomy and Physiology, Chemistry and many more. The school's recently-built STEAM facilities include a Robotics Lab with a competition field, a MakersSpace, an eSports Lab, Mac and PC Labs and much more.

## Sports Medicine Program

The school offers a unique internship and pathway program, which allows students who are interested in medicine to shadow athletic trainers, help at sporting events, learn first-aid and much more.

## State-of-the-Art Anatomege Table

Students have access to a state-of-the-art Anatomege Table, which is used for anatomy visualization and digital dissection. This advanced technological tool is typically found at medical schools, and BMHS is one of just a handful of high schools in the country to have one.

## Fine and Performing Arts Program

BMHS offers students a robust arts curriculum, including 15 visual and performing arts courses. Every spring, the school hosts its Annual Arts Fest, where students display their art across multiple mediums. The school's Drama Lab puts on three full-length plays a year. The school's band and choir are open to all, with no previous experience required.

## Music Production Class

BMHS offers a unique Music Production Class where students learn to play instruments typically found in rock bands, including guitar and drums. From there, students learn to run a professional-quality music studio, record their own songs and perform in a school-wide battle of the bands.
