Health - Wellness - Colostrum

From New Zealand to the World

NEW IMAGE™ INTERNATIONAL

In 1984 Graeme Clegg, inspired by the findings of his research into the exceptional immune-boosting properties of colostrum, founded New Image™ International.

Since then, we have continued to grow, increasing our product choices to include a nutritional range, a skincare programme that delivers, and weight management products based on the ketogenic lifestyle.

With our focus on innovation and a drive to deliver exceptional health and nutritional products, New Image™ is now sold globally through our network of independent distributors.

Today, Health and Wellness is the fastest growing industry in the world and because we make sure our products are made from the finest ingredients we've been recognised as a leader in this industry, winning numerous international awards for innovation and product quality.

START YOUR DAY WITH THE POWER OF COLOSTRUM

Damage done to our bodies by poor diet, smoking, stress, pollution and antibiotics contribute to an immune system that is weak and ineffective.

Often referred to as nature's first food, possessing antibacterial, antiviral and antifungal properties, colostrum is scientifically recognised for its superior protection and healing qualities.

Our colostrum products are bursting with immunoglobulins (antibodies). These natural warriors are constantly protecting you and your family against daily exposure to bacteria, viruses and modern day stressors.

**Don't wait until your system weakens.
Start taking preventative measures now.**

Powerful Immune Support

Combining premium quality colostrum, probiotics, essential vitamins and minerals in one delicious vanilla shake, Alpha Lipid™ Lifeline™ delivers an incredible immune boost and vital energy support for you and your family.

Alpha Lipid™ Lifeline™ also features our patented, bio-active delivery system - Alpha Lipid™.

This ensures the colostrum travels through the harsh environment of the stomach and is delivered safely to the intestines where it can work its magic.

Alpha Lipid™ A.G.E

Defiant Telomere Serum

The next generation in skincare science.

- Leaves your skin visibly firmer, smoother and younger looking.
- Lightweight serum developed to stimulate the production of skin cells.
- Clinically proven to slow down skin aging.
- Prolonged release of anti-aging actives.
- Apply morning and night to a cleansed face, neck and décolletage.

REJUVENATES

As we age, skin cell telomeres shorten and youthful cell vitality is lost. Over time this leads to wrinkles, dryness and sagging skin. This shortening of our telomeres is the main cause of the age-related breakdown of our skin cells.

Poor lifestyle choices, such as an unhealthy diet, stress or lack of exercise can also affect telomere length.

With our exclusive blend, sourced from nature and backed by science, we have developed the trigger to slow down your telomere burn rate.

Activating Telomerase, adds length back to the telomeres, resulting in cells living longer and functioning as they did when they were younger. Resulting in plumper, younger, healthier-looking skin.

Caution: Patch test before use.

Do not use over wounds, rashes, inflammation or other troubled areas.
Contains ingredients derived from dairy.
