

T-Rex 4920

Our flagship clincher

The T-Rex is our top-selling clinching machine. Thanks to its modular design and Simple Adjust System™, it grows with and adapts to your future production needs.

T-Rex 4920 36" Throat

No additional compressor capacity needed

Our systems use 30% less air than most clinchers. This allows you to add a machine without upgrading your compressor capacity.

Modular design adapts to future production runs

You can adapt the T-Rex to clinch a range of materials with varying thickness or size. Buy it once, keep it forever.

No-tool adjustment

Quickly find the right setup with our Simple Adjust System. Document your settings for repeatable results.
