

Thor 4420

Entry-level clincher
for Pipe & HVAC applications

Thor features a high-efficiency pneumatic system (30% less air usage) and is 100% manufactured in our Ontario facility. This machine comes in two standard sizes but can be customized to your needs.

PLT Thor 4420

No additional compressor capacity needed

Our systems use 30% less air than most clinchers. This allows you to add a machine without upgrading your compressor capacity.

No-tool adjustment

Quickly find the right setup with our Simple Adjust System. Document your settings for repeatable results.
