

APEX

The Premier
Longevity Membership

Welcome to the future of you

Fountain Life is the world's most advanced longevity experience, exclusively powered by AI. We believe your best years are still ahead, so we combine the most advanced diagnostic technologies, AI-powered insights, and Restorative Therapeutics to help you not only add years to your life—but add life to your years.

LIVE WITHOUT LIMITS

Are you at your healthspan APEX?

Fountain Life's APEX Membership can help you get there with AI-Guided Diagnostics, optional access to breakthrough Restorative Therapeutics that could help reverse aging at the cellular level, and Always-on Care access – a personal medical team at your disposal 24/7.

AI-Guided
Diagnostics

Access to Restorative
Therapeutics

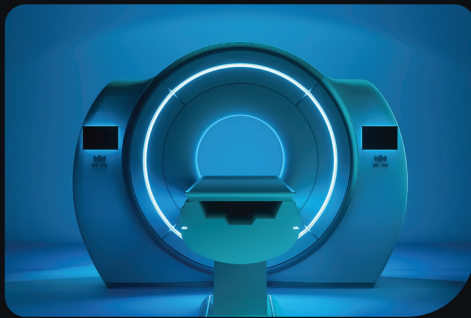

Always-on
Care access

AI-Guided Diagnostics

An APEX Membership includes comprehensive AI-Guided Diagnostic imaging and access to front-of-line science-led insights into the state of your health.

See what others can't.
Optimize what's ahead.

Early is everything

An APEX Membership gains you access to an expanded suite of advanced diagnostics that reveal what standard medicine can't. These include:

Whole Genome Sequencing

Maps your complete DNA to uncover genetic risks, optimize prevention, and personalize your longevity strategy.

Epigenetic Biological Age Profiling

Decodes how lifestyle and environment affect gene expression, revealing aging patterns and offering personalized longevity insights.

Comprehensive Blood Biomarker Panel

Analyzes 100+ critical markers to provide deep insights into your overall health, aging, and disease risk.

Microbiome & Gut Health

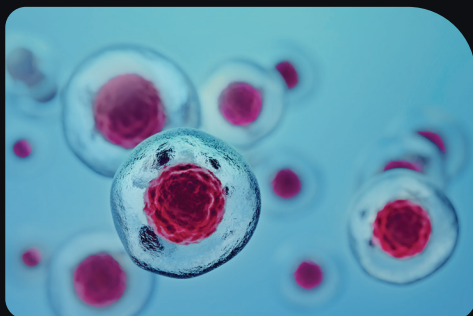

Analyzes your gut's unique ecosystem to reveal its impact on immunity, metabolism, and overall health.

Toxin & Environmental Exposure Panel

Identifies hidden exposures to heavy metals, chemicals, and pollutants that accelerate aging and impact long-term health.

Restorative Therapeutics

Find in science
what has been lost to time.

Reprogram your aging

Imagine retraining your immune function and reducing inflammation. As an APEX Member, you'll have optional access to advanced Restorative Therapeutics and aesthetics that don't just slow aging, but could even reverse it.

These physician-led therapies include:

Access to new Restorative Biologics

Restores damaged tissues by harnessing the body's own repair cells to promote healing and longevity.

Relisse & Orthobiologic Treatments

Relieve pain, restore mobility, and accelerate healing by restoring tissue and optimizing joint and nerve function.

Therapeutic Plasma Exchange

Filters and renews your plasma to remove harmful proteins, toxins, and inflammatory markers, supporting cellular rejuvenation and longevity.

Always-on Care access

Your 24/7 medical team

Introducing Always-on Care,
our on-demand medical team
at your disposal 24/7.

Enjoy access to a fully-integrated
health care team, including a
longevity physician, nurse, health
coach, nutritionist, and
care coordinator.

As an APEX Member, you'll be
invited to private summits and
forums shaping the future of
human performance.

Because those who
invest in the future, should
be the first to experience it.

Meet Zori AI, your always-on longevity expert.

An APEX Membership gives you access to Zori AI, your personalized AI medical assistant, medically trained to answer questions about your data and further optimize your health.

Zori AI is deeply integrated into the APEX experience, turning your biomarker insights, diagnostics, and treatment options into clear, precise answers and personalized guidance.

Zori AI is always on, always learning, and always aligned with your personalized longevity strategy.

Longevity is a choice
guided by insight

APEX is a comprehensive longevity membership designed for those seeking advanced cellular-level insights, proactive biologic optimization, and priority access to innovation, including Restorative Therapeutics.

Exclusive to APEX Members

- Private one-on-one consultations with a dedicated longevity team.
- AI-Guided Diagnostics that detect hidden risks and optimize prevention.
- Access to breakthrough medical and Restorative Therapeutics powered by AI-driven precision insights.
