

EPIC

The Ultimate
Longevity Membership

FOUNTAIN LIFE™

Welcome to the future of you

Fountain Life is the world's most advanced longevity destination, exclusively powered by AI. We believe your best years are still ahead, so we combine the most advanced diagnostic technologies, AI-powered insights, and Restorative Therapeutics to help you not only add years to your life—but add life to your years.

LIVE WITHOUT LIMITS

Introducing EPIC, Fountain Life's ultimate restorative medicine and longevity membership, meticulously designed for those who demand the very best.

And with EPIC, you can expect nothing less than the absolute best in AI-Guided Diagnostics, Restorative Therapeutics that could help reverse aging at the cellular level, and proactive biologic optimization to augment longevity and healthspan. Plus, with Always-on Care, a personal medical team is at your disposal 24/7, anywhere, anytime.

Memberships are limited.

Care

AI-Guided Diagnostics

An EPIC Membership includes *unlimited* comprehensive AI-Guided Diagnostic imaging and front-of-line access to science-led insights into the state of your health.

See what others can't.
Optimize what's ahead.

Early is everything

An EPIC Membership gains you access to our complete suite of advanced diagnostics that reveal what standard medicine can't. These include:

Senescence Mapping

Measures the presence of 'zombie' cells that accelerate aging and disease.

Neuroinflammation Testing

Detects the silent buildup of brain inflammation decades before symptoms appear.

Immune Function & Inflammaging

Pinpoints immune decline that leaves you vulnerable to aging and illness.

Cellular Metabolism & Detox Capacity

Measures how efficiently cells create energy and clear toxins.

Microbiome & Gut Health

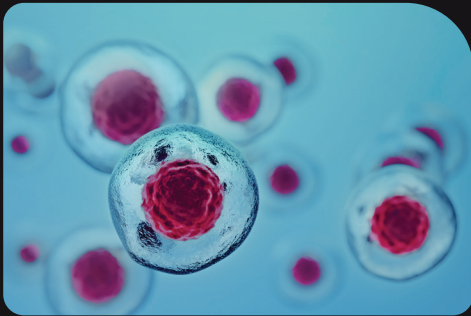

Analyzes your gut's unique ecosystem to reveal its impact on immunity, metabolism, and overall health.

Biologic Age Testing

Measures your true cellular age to assess how fast or slow you're really aging.

Restorative Therapeutics

Find in science
what has been lost to time.

Reprogram your aging

Imagine retraining your immune function and reducing systemic inflammation. An EPIC Membership is curated for those who want to push the limits of modern medicine, not just to slow aging, but to reverse its effects.

Our targeted, physician-led therapies include:

New Restorative Biologics

Delivers potent cellular messengers that repair damaged tissue, reduce inflammation, and optimize cellular communication, promoting healing and longevity.

Mitochondrial Performance

Replenishes key nutrients, activates peptide signaling, and boosts NAD⁺ restoration, reigniting your cells' natural power to renew and repair. The result: restored energy, sharper cognition, and a foundation for lasting vitality.

Therapeutic Plasma Exchange

Filters and renews your plasma to remove harmful proteins, toxins, and inflammatory markers, supporting cellular rejuvenation and longevity.

Always-on Care

Your 24/7 medical team

Introducing Always-on Care, our on-demand medical team at your disposal 24/7.

Enjoy unparalleled access to a fully integrated health care team, including a longevity physician, nurse, health coach, nutritionist, and care coordinator.

As a member of this elite circle, you'll receive invitations to private summits, closed-door briefings, and strategic forums where the future of human performance is shaped by those leading it.

Because those who
invest in the future, should
be the first to experience it.

Meet Zori AI, your always-on longevity expert.

An EPIC Membership gives you access to Zori AI, your personalized AI medical assistant, medically trained to answer questions about your data and further optimize your health.

Zori AI is deeply integrated into the EPIC experience, turning your biomarker insights, diagnostics, and treatment options into clear, precise answers and personalized guidance.

Zori AI is always on, always learning, and always aligned with your personalized longevity strategy.

Longevity is a choice
guided by insight

EPIC is the ultimate, transformational longevity membership designed for those seeking the most advanced cellular-level insights, proactive biologic optimization, and priority access to innovation, including Restorative Therapeutics.

Exclusive to EPIC Members

- Private one-on-one consultations with a dedicated longevity team.
- Unlimited AI-Guided Diagnostics that detect hidden risks and optimize prevention.
- Bespoke first access to breakthrough medical and Restorative Therapeutics powered by AI-driven precision insights.
- Access to exclusive therapies and global elite partnerships.
